come to influence the discipline's development over the last six decades *A World History of Political Thought* James Babb, 2025-02-12 In this revised and improved second edition of *A World History of Political Thought* the comprehensive comparative analysis of political thought from 600 BC to the present day is given even more depth and context The result is an intriguing and accessible journey through world history and culture *Jean-Jacques Rousseau* Jean-Jacques Rousseau, 1992 English translation of selected works by Rousseau with Folio VIEWS text management program for PCs

Doing Democracy Nancy S. Love, Mark Mattern, 2013-10-28 *Doing Democracy* examines the potential of the arts and popular culture to extend and deepen the experience of democracy Its contributors address the use of photography cartooning memorials monuments poetry literature music theater festivals and parades to open political spaces awaken critical consciousness engage marginalized groups in political activism and create new more democratic societies This volume demonstrates how ordinary people use the creative and visionary capacity of the arts and popular culture to shape alternative futures It is unique in its insistence that democratic theorists and activists should acknowledge and employ affective as well as rational faculties in the ongoing struggle for democracy *Multimodal Legitimation* Rowan R. Mackay, 2021-09-30 This volume meditates on the various meanings of legitimation and expands on the notion that language can be used to gain or preserve it by demonstrating the added impact of other modes in specific examples of political and institutional discourse The book draws on a multilayered framework that builds on and integrates work from both critical discourse analysis and social semiotic traditions as well as the work of philosophers such as Habermas Weber and Rousseau to show how it might be applied in practice to analyse and understand myriad forms of discourse The volume focuses on examples from political campaign spots which highlight various modes including images film oratory and color but are also of global relevance and scale highlighting their unique and complex position at the nexus between legitimation and multimodality Offering a new analytical framework for understanding legitimation across a range of discursive contexts this book will be of particular interest to students and scholars in discourse analysis multimodality political science psychology design and education **Responsibilities: A Critical Legal Defence of Human Rights** Ian Turner, 2025-11-11 For many human rights have become a panacea for the injustices of society globalisation poverty discrimination climate change etc But has this rights inflation been a prima facie good Has the rise in human rights merely propounded a self-centred individualism exacerbating the marginalisation of large swathes of society who are already socially excluded Rightly human rights have been the subject of a multitude of criticisms from a range of critical perspectives Marxism critical legal studies communitarianism feminism critical race theory etc However this unique study pushes back against this tide of anti-rights providing an original defence of human rights from the perspective of a progressive political community of rights holders and duty bearers Possessing rights might place a rights holder at the centre of their moral universe to the exclusion of all others but that holder of rights cannot expect others to bear the duty of their rights without exercising the same obligation to the

rights of others in return So far from emphasising isolation and self interest responsibilities arising from the exercise of rights engender a keen sense of solidarity a principle integral to critical legal theory The book will be of interest to academics and researchers working in the areas of Human Rights Constitutional Law and Legal and Political Theory **The Basic Political Writings of Rousseau** Jean-Jacques Rousseau,2009-11-29 The basic political writings of Rousseau including A Discourse On The Moral Effects Of The Arts And Sciences A Discourse On Political Economy The Social Contract Or Principles Of Political Right *Rousseau: The Discourses and Other Early Political Writings* Jean-Jacques Rousseau,2019 Discourse on the sciences and arts or First discourse Discourse on the origin and foundations of inequality among men or Second discourse Rousseau s notes Letter to Voltaire Essay on the origin of languages Idea of the method in the composition of a book Discourse on the virtue a hero most needs or On heroic virtue *California Law Review* ,2004 **The Basic Political Writings** Jean-Jacques Rousseau,2013 **The Major Political Writings of Jean-Jacques Rousseau** Jean-Jacques Rousseau,2022-12-22 This fresh new rendition of Rousseau s major political writings is a boon for scholars and students alike with a critical introduction by the translator Richard Boyd Georgetown University Individualist and communitarian Anarchist and totalitarian Progressive and reactionary Since the eighteenth century Jean Jacques Rousseau has been called all of these things Few philosophers have been the subject of such intense debate yet almost everyone agrees that Rousseau is among the most important political thinkers in history Renowned Rousseau scholar John T Scott highlights his enduring influence with this superb new edition of his major political writings This volume includes authoritative and lucid new translations of the Discourse on the Sciences and Arts the Discourse on the Origin and Foundations of Inequality Among Men and On the Social Contract The two Discourses show Rousseau developing his well known conception of the natural goodness of man and the problems posed by life in society With the Social Contract Rousseau became the first major thinker to argue that democracy is the only legitimate form of political organization Scott s extensive introduction enhances our understanding of these foundational writings providing background information social and historical context and guidance for interpreting the works Throughout translation and editorial notes clarify ideas and terms that might not be immediately familiar to most readers *The Political Writings of Jean Jacques Rousseau, Ed. from the Original Manuscripts and Authentic Editions* Jean-Jacques Rousseau,1915 *Managing Modernity* Stewart R. Clegg,Martin Harris,Harro Höpfl,2011-01-27 *Managing Modernity Beyond Bureaucracy* offers theoretical perspectives and substantive insights on the future of bureaucracy in different organizational contexts It includes contributions from internationally renowned scholars working in the fields of organization theory public administration and information systems *In Search of Social Democracy* John Callaghan,2009 The search for social democracy has not been an easy one over the last three decades The economic crisis of the 1970s and the consequent rise of neo liberalism confronted social democrats with difficult new circumstances tax resistant electorates the globalization of capital and Western de industrialization In response a new bout of ideological

revisionism consumed social democratic parties But did this revisionism simply amount to a neo liberalisation of the Left or did it propose a recognizably social democratic agenda Were these ideological adaptations the only feasible ones or were there other forms of modernization that might have yielded greater strategic dividends for the Left Why did some social democratic parties feel it necessary to take their revisionism much further than others In *Search of Social Democracy* brings together prominent scholars of social democracy to address these questions Focusing on the social democratic heartland of Western Europe although Australia and the United States also figure in the analysis it gives the first detailed assessment of how the new social democratic revisionism has fared in government The book begins by considering the underlying causes of the end of social democracy s golden age and the magnitude of the challenges faced by social democratic parties after the 1970s It then proceeds to examine detailed case studies of how particular social democratic parties responded to this changed political terrain Finally it contributes to a broader conversation about the future of social democracy by considering ways in which the political thought of third way social democracy might be radicalized for the twenty first century The contributors offer a variety of perspectives some are skeptical of social democracy s prospects others more sanguine some supportive of the performance of social democratic parties in government others bitingly critical But they are united by the conviction that the themes addressed in this book are crucial to understanding the current politics of the industrialized world and in particular to determining the feasibility of more egalitarian and democratic social outcomes than have been possible so far in the era of neo liberalism
