Henry VIII in Twenty-First Century Popular Culture Jonas Takors, 2017-03-23 Each age produces its own Henry's This innovative study in popular culture examines how novels films TV series and historiography shape new versions of Henry VIII for the twenty first century From *The Other Boleyn Girl* to *The Tudors* 2009's quint centenary celebrations of Henry's coronation and *Wolf Hall* his stories are produced distributed and used in very different ways In each case the producers intentions the narrative and the targeted audiences all contribute to the discourses on Henry VIII However there no longer exists a universally accepted popularization of Tudor history so certain representations can lead to intense debates for instance in case of the TV show *The Tudors* Detailed studies of how audiences appropriate the narratives complement a thorough analysis of each text In this manner the monograph examines how different sense resources are shaped into histories in various new subgenres and how the audiences too actively compare these histories All of this takes place within an increasingly diverse historical culture Simple notions of history as a top down process are refuted as the role of the consumers and the use which they make of the individual histories is highlighted
