

EICC Validated Audit Program (VAP) Operations Manual

Revision 5.1.1 – January 2017

Organizations working with and in the Electronic Industry Learning Coalition (EICC) are collaborating and working to improve sustainability and social responsibility within the global supply chain.

These companies recognize a mutual responsibility to ensure working conditions are safe, workers are treated with respect and dignity, and that manufacturing practices are environmentally responsible. The Validated Audit Process is a collaborative approach to auditing to reduce the burden on supply chain companies from multiple requests for social audits. The Validated Audit Process means the use of a high quality, consistent and cost-effective standard industry assessment for labor, ethics, health, safety and environmental practices based on the EICC code of conduct, laws, and regulations.
