 and Toddlers is a book that offers an overview of the growth and development of infants and toddlers from the neonate stage
 through the age of three There is special emphasis on the phenomenological approach This approach requires that the
 caregiver adopts a perspective that leads to a more human and responsive understanding of each child This approach is
 combined with the scientific methodology allowing the caregiver to achieve a level of improved competence becoming
 reflective practitioners There is careful consideration of cultural differences in the book due to the ever present and
 increasing diversity of the US population This allows the caregiver to be fully aware of how culture beliefs and traditions can
 influence the ultimate development of a child The early chapters describe the philosophy of the book and explain various
 methods of observation They also provide a baseline of information on growth and development Further chapters focus on
 development in 3 month spans leading to the full examination of how children grow and change rapidly in all domains

physical emotional social cognitive and language Developmental variations and alerts are considered at each level including health and safety issues as well as potential signs of abuse and neglect The book includes multiple learning tools including key terms and words of wisdom as well as an online companion The reader will benefit fully from this thoughtful reference based in the acknowledgment that all children are competent and powerful learners
