Practical research 2 Ruben E. III Faltado, Medardo B. Bombita, Helen B. Boholano, Angeline M. Pogoy, 2016 [Practical Statistics for Educators](#) Ruth Ravid, 2010-10-16 *Practical Statistics for Educators* 4th edition focuses on the application of research and statistics as applied specifically to education. Since the first edition came out in 1994, thousands of students in educational statistics courses and their professors have found it to be an excellent textbook. Educational practitioners have also appreciated keeping this book on their reference shelf. Now in its fourth edition, this well-regarded text is a clear and easy-to-follow manual for use in introductory statistics or action research courses. Ruth Ravid concentrates on the essential concepts in educational statistics, including when to use various statistical tests and how to interpret the results. Testing and test score interpretation, reliability, and validity are included to help students understand these topics, which are essential for practitioners in education. Real-life examples used generously throughout are taken from the field of education and presented to illustrate the various concepts and terms. Chapter previews and summaries, as well as a glossary of the main terms and concepts, help readers navigate the book. Focus is on the most important points, and build upon the knowledge gained from each chapter. New in this edition are updated and improved graphics, revised and enhanced text, and examples. Lengthy appendixes, tables, and figures are deleted, and their relevant sections are integrated into the chapters. Detailed and complicated computational steps have also been eliminated.
