## **World Poverty And Human Rights Cosmopolitan Responsibilities And Reforms:**

World Poverty and Human Rights Thomas W. Pogge, 2023-02-10 Some 2.5 billion human beings live in severe poverty deprived of such essentials as adequate nutrition safe drinking water basic sanitation adequate shelter literacy and basic health care One third of all human deaths are from poverty related causes 18 million annually including over 10 million children under five However huge in human terms the world poverty problem is tiny economically Just 1 percent of the national incomes of the high income countries would suffice to end severe poverty worldwide Yet these countries unwilling to bear an opportunity cost of this magnitude continue to impose a grievously unjust global institutional order that foreseeably and avoidably perpetuates the catastrophe Most citizens of affluent countries believe that we are doing nothing wrong Thomas Pogge seeks to explain how this belief is sustained He analyses how our moral and economic theorizing and our global economic order have adapted to make us appear disconnected from massive poverty abroad Dispelling the illusion he also offers a modest widely sharable standard of global economic justice and makes detailed realistic proposals toward fulfilling it Thoroughly updated the second edition of this classic book incorporates responses to critics and a new chapter introducing Pogge's current work on pharmaceutical patent reform
