other began Ben Macintyre weaves together diaries letters photographs memories and top secret MI5 files to create the exhilarating account of Britain's most sensational double agent Publisher's description *The Other Side of Agent Zigzag* Edgar Wollstone, One of the Second World War's most colourful individuals was double agent Eddie Chapman Edward or Eddie Chapman was an expert safecracker and career criminal from Northern England not an Aryan super saboteur He was possibly the most daring and accomplished double agent in the world at the time unknown to everyone but the most covert agencies in the nation He was taken in by the Abwehr German military intelligence from a French prison and after arriving in Britain he switched allegiances Eddie Chapman is evidence that a superhero need not be a face masher with bulging muscles He wasn't a huge man he wasn't a murderer and he avoided conflict whenever he could He nevertheless succeeded in becoming one of the most colourful war heroes in British history by playing both the British and the Germans off one another engaging in a variety of escapades crossing a variety of redlines and generally living up to expectations for a professional spy The villain was a hero and the traitor was a man of loyalty It was difficult to determine where one character ended and the other began in Chapman This is the real life account of Agent Zigzag a spy who deceived the Nazis only out of his own sense of excitement **Nazi Intelligence Operations in Non-Occupied Territories** Christopher Vasey,2016-07-19 Drawing heavily on recently declassified sources this examination of German wartime intelligence services traces the logistical and strategic expansion of the Third Reich's foreign covert operations in World War II Beginning with the changes introduced to counteract institutional neglect the author describes attempts to penetrate both neutral and adversarial nations outside territories occupied by the Wehrmacht The Nazis created covert teams for counterintelligence and penetrating border defenses Strategies were formed for assembling saboteur divisions in North and South America while data were gathered on industrial installations to target American fascist movements of the 1930s are discussed along with Nazi sabotage missions in the United States and intelligence penetrations and domestic collusion in Latin America *Deathly Deception* Denis Smyth,2011-08-25 In the pre dawn darkness of April 30 1943 a body disguised as a Royal Marine Major washed ashore on the coast of Spain carrying false documents indicating that the Allies were set to launch an attack on Greece rather than Sicily Immortalized in the film *The Man Who Never Was* Operation Mincemeat is renowned as the most spectacular episode in the annals of deception In this accurate and in depth retelling of the story Denis Smyth draws on a vast collection of previously unavailable documentary sources to provide many key details overlooked in other accounts of Mincemeat He reveals how the architects of the plan navigated a maze of medical technical and logistical issues to deceive the enemy at the highest strategic levels Before planting the corpse in the Spanish coastal waters via a stealthy submarine operation the planners not only gave their dead messenger a new military identity but also a private one as the fiance of an attractive young woman named Pam Nazi intelligence was fooled falling for a ruse which ultimately saved thousands of American lives *Defend the Realm* Christopher Andrew,2009-11-03 For over 100 years the agents of MI5 have defended Britain against

enemy subversion Their work has remained shrouded in secrecy until now This first ever authorized account reveals the British Security Service as never before its inner workings its clandestine operations its failures and its triumphs

*Double Agent* Frank Owen,2023-12-18 *Double Agent The Eddie Chapman Story* originally published in 1954 recounts the early life and war time adventures of Eddie Chapman later code named Agent ZigZag by British intelligence Born into poverty Chapman joined the army only to go AWOL in the 1930s On his own he took to cracking safes using his newfound wealth to ingratiate himself with London s elite He reportedly seduced society ladies only to later blackmail them Eventually arrested for safe cracking he was jailed in the Channel Islands the only part of the British Commonwealth to fall under Nazi occupation Once the Germans took over Chapman offered his services to the Nazis He convinced them that he could use his contacts with London s criminal underground to further their goal of having sabotage agents in England After a year of training in France under Nazi supervision Chapman was parachuted into England where he immediately turned himself over to the British Luckily so since MI5 which had already broken the German code knew exactly who Chapman was and what he was sent to England to do Like the Germans the British saw an opportunity to use Chapman as their own agent To convince the Nazis of Chapman s usefulness MI5 worked with him to fake the bombing of the factory producing the Mosquito bomber going so far as to plant newspaper stories and create the illusion when seen from above of complete devastation Chapman returned to Germany a hero with the Nazis awarding him the only British subject to receive one an Iron Cross MI5 had written at the time The Germans came to love Chapman but although he went cynically through all the forms he did not reciprocate Chapman loved himself loved adventure and loved his country probably in that order He returned to Britain after the war preparing several memoirs of his war time activities This edition includes several photographs and a new Preface by Steve Chadde
