Consumer Behavior Blackwell 10th Edition

Louis E. Boone, David L. Kurtz

Consumer Behavior Blackwell 10th Edition:

Consumer Behavior Roger D. Blackwell, Paul W. Miniard, James F. Engel, 2006 CONSUMER BEHAVIOR 10th Edition offers a practical business approach designed to help students apply consumer behavior principles to their studies in business and marketing to their future business careers and also to their private lives as consumers. This multi-disciplinary field can tempt both students and instructors to stray from the basic business principles they should take away from the course. Blackwell keeps students focused on consumer decision making as it applies specifically to an overall understanding of business theory and practices through the CDP Consumer Decision Process model. CONSUMER BEHAVIOR 10e focuses on why as well as how consumers make specific decisions and behave in certain ways: what motivates them, what captures their attention, and what retains their loyalty, turning customers into fans of an organization. **Contemporary Business**
