This interdisciplinary collection brings together world leaders in Gothic Studies offering dynamic new readings on popular Gothic cultural productions from the last decade Topics covered include but are not limited to contemporary High Street Gothic fashion Gothic performance and art festivals Gothic popular fiction from Twilight to Shadow of the Wind Gothic popular music Gothic on TV and film new trends like Steampunk well known icons Batman and Lady Gaga and theorizations of popular Gothic monsters from zombies and vampires to werewolves and ghosts in an age of terrorism

Goth Music Isabella van Elferen, Jeffrey Andrew Weinstock, 2015-12-07
Is goth music a genre and if so how does it relate to the goth subculture The music played at goth club nights and festivals encompasses a broad range of musical substyles from gloomy Batcave reverberations to neo medieval bagpipe drones and from the lush vocals of goth metal to the harsh distortion of goth industrial Gothic Music From Sound to Subculture argues that within this variegated musical landscape a number of key consistencies exist Not only do all these goth substyles share a number of musical and textual characteristics but more importantly these aspects of the music are constitutive of goth social reality Drawing on their own experiences in the European and American goth scenes the authors explore the ways in which the sounds of goth inform the scene's listening practices its fantasies of other worlds and its re-enchantment of their own world Gothic music this book asserts engenders a musical timespace of its own a musical chronotope that is driven by nostalgic yearning Gothic Music From Sound to Subculture reorients goth subcultural studies onto music goth music must be recognized not only as simultaneously diverse and consistent but also as the glue that holds together goth scenes from all over the world It all starts with the music

Diffraction Reading Kai Merten, 2021-05-27
Putting the New Materialist figure of diffraction to use in a set of readings in which cultural texts are materially read against their contents and their themes against their readers or against other texts this volume proposes a critical intervention into the practice of reading itself In this book reading and reading methodology are probed for their materiality and re-considered as being inevitably suspended between or diffracted with both matter and discourse The history of literary and cultural reading including poststructuralism and critical theory is revisited in a new light and opened up for a future in which the world and reading are no longer regarded as conveniently separate spheres but recognized as deeply entangled and intertwined Diffraction Reading ultimately represents a new reading of reading itself firstly by critiquing the distanced perspective of critical paradigms such as translation and intertextuality in which texts encountered processed or otherwise subdued secondly showing how all literary and cultural readings represent different agential cuts in the world text reader constellation which is always both discursive and material and thirdly the volume materializes dynamizes and politicizes the activity of reading by drawing attention to reading's intervention in and co-creation of the world in which we live

Lancelot Brown and the Capability Men David Brown, Tom Williamson, 2016-08-15

Lancelot Capability Brown is often thought of as the innovative genius who single handedly pioneered a new naturalistic style of landscape design but he was in fact only one of many landscape designers in Georgian England Published to commemorate the three hundredth anniversary of Brown's birth this book casts important new light on his world renowned work his eventful life and the wider and robust world of landscape design in Georgian England David Brown and Tom Williamson argue that Brown was one of the most successful designers of his time working in a style that was otherwise widespread and that it was his skill with this style and not his having invented it that linked his name to it The authors look closely at Brown's design business and the products he offered clients showing that his design packages helped define the era's aesthetic They compare Brown's business to those of similar designers such as the Adam brothers Thomas Chippendale and Josiah Wedgwood and they contextualize Brown's work within the wider contexts of domestic planning and the rise of neoclassicism Beautifully illustrated throughout this book celebrates the work of a master designer who was both a product and harbinger of the modern world

Gothic Fantasy Edwin Page, 2007 I've always been misrepresented You know I could dress in a clown costume and laugh with the happy people but they'd still say I'm a dark personality Tim Burton Tim Burton's career began at Disney but he soon found his own style He is best known for his dark fantastical creations such as Beetlejuice 1988 and now for Charlie and the Chocolate Factory 2005 Burton's output ranges from Hollywood blockbusters to art house film covering genres from sci fi spoof to animation and horror Edwin Page's new book will appeal to both the general fan and film studies reader
