Azazel:

The Tragedy of Azazel Julian LeSouffrir, 2017-08-07 The Tragedy of Azazel tells of the rise and fall of the Watcher Azazel as he goes from being an important cherub of repentance to a demon of sin It explores Azazel's mysterious connection to the demon Iblis as well as the historical development of the ancient practice of sin eating In this short story a reoccurring character that appears in other titles of LeSouffrir's including The Tragedy of Mastema Last of the Satanim Historia Regum Obscurum Book I and the much anticipated Path os of Redemption Part 2 has his origins revealed [The Symbolism of the Azazel Goat](#) Ralph D. Levy, 1998-12 This important new study is a compilation of major sources on the second goat in the Day of Atonement ceremony including Jewish intertestamental and Christian patristic writings as well as pagan scapegoat ceremonies The book presents an exegesis of Leviticus 16 and attempts to arrive at a conclusion concerning the best supported symbolism of the figure of Azazel

Goat for Yahweh, Goat for Azazel Hans M. Moscicke, 2021-09-28 This book explores the influence of the Day of Atonement on the Gospels In the first chapter Hans M Moscicke studies the effect of Yom Kippur traditions on Matthew's Final Judgment episode Matt 25 31 46 arguing that the evangelist portrays the expulsion of the unrighteous as a purgative event resembling the yearly expulsion of iniquity from the temple by means of the scapegoat In Chapter Two he contends that Matthew constructs a goat for Yahweh typology in his baptism scene Matt 3 16 17 and a goat for Azazel typology in his temptation narrative Matt 4 1 11 He argues in the third chapter that Luke's narrative regarding Jesus's visit to Nazareth Luke 4 16 30 has been shaped by Jubilee and Yom Kippur traditions In Chapter Four he explores the impact of ancient elimination rituals and scapegoat traditions on the Gerasene exorcism pericopae Mark 5 1 20 parr Finally in the final chapter he investigates the influence of the Day of Atonement on John's resurrection narrative John 20 11 23 especially his allusion to the cherubim and atonement slate in John 20 20

The False Prophet Azazel John of Gentiles, 2010-12-31 The Biblical book of Revelations speaks of a mysterious figure known as the False Prophet He is a fallen angel he shall deceive many But you need not be deceived

De-demonising the Old Testament Judit M. Blair, 2009 Judit M Blair challenges the common view that azazel lilith deber qeteb and reshef are names of demons in the Hebrew Bible claiming that major works on the subject proceed from the assumption that these terms were demons in the ancient Near East and or later or that they were deities who became demonised by the authors of the Hebrew Bible Without questioning the validity of traditional methods she supplements the existing works by making an exegesis based on a close reading of all the relevant texts of the Hebrew Bible in which these five terms occur Close attention is paid to the linguistic semantic and structural levels of the texts The emphasis is on a close examination of the immediate context in order to determine the function of each term The author notes different signals within the texts especially the use of the various poetical rhetorical devices personification parallelism similes irony and mythological elements

Dark Mirrors Andrei A. Orlov, 2011-12-01 Dark Mirrors is a wide ranging study of two central figures in early Jewish demonology the fallen angels Azazel and Satanael

Andrei A Orlov explores the mediating role of these paradigmatic celestial rebels in the development of Jewish demonological traditions from Second Temple apocalypticism to later Jewish mysticism such as that of the Hekhalot and Shi ur Qomah materials Throughout Orlov makes use of Jewish pseudepigraphical materials in Slavonic that are not widely known Orlov traces the origins of Azazel and Satanael to different and competing mythologies of evil one to the Fall in the Garden of Eden the other to the revolt of angels in the antediluvian period Although Azazel and Satanael are initially representatives of rival etiologies of corruption in later Jewish and Christian demonological lore each is able to enter the other s stories in new conceptual capacities Dark Mirrors also examines the symmetrical patterns of early Jewish demonology that are often manifested in these fallen angels imitation of the attributes of various heavenly beings including principal angels and even God himself

which like the Yiddish Ascension of Moses is a Yiddish story found among the Chronicles of Jarahmeel also appears to be a very ancient story bordering about as close as a Jew could get to polytheism without actually crossing that imaginary line It is included as an appendix as is seems relevant to the question of Metatron s origin within Judaism however it is its treatment of Astarah that reveals its true age The name is a variation of Asherah who is mentioned many times in the Hebrew Bible generally in association with Ba al Her worship was banned by King Josiah in the Hebrew Book of Kings when he banned the worship of Ba al and the armies of the sky hosts of heaven Archaeological evidence has proven that Jews or possibly Essenes continued to worship Asherah until the 6th century BC during the early Persians era which is missing from the Talmud s records
