What Gurus Say about Twitter and Marketing David A. Osei, 2019-11-29 Making a success of any business today would be better served if the internet was used. The internet being the far-reaching tool that it is helps to create the desired revenue for the successful business venture. The internet, specifically the social media tools, have over time proven to be the most successful. Learn about Twitter here. Tools like Twitter can effectively create the attention that is necessary in getting the information about the business to the wider audience. This is done with virtually no cost involved. The planned site must be attractive enough to be the cause of the Twitter exercise, thus ensuring the desired amount of traffic to the site. Providing material that is worth discussion or viewing with the intention of dispersing information is very important as this is what will cause the interest to stay. As the Twitter platform is comparatively personal, ensuring the exchanges have some form of follow-ups is beneficial to the host. If the users are made to feel special, then it is almost guaranteed that the host site will garner the desired traffic, which will eventually be converted to revenue. Spending some

time to personally address issues or comments will encourage the user to stay loyal as they perceive their participation to be well received and valued
