ECEL 2016 - Proceedings of the 15th European Conference on e- Learning , Proceedings of the 15th European Conference on e Learning ECEL 2016 [Pacific Rim Objective Measurement Symposium \(PROMS\) 2012 Conference Proceeding](#) Quan Zhang,Hong Yang,2013-06-13 Entrusted by the Board of Management of the Pacific Rim Objective Measurement Symposium PROMS PROMS2012 is held in Jiaxing China from August 6 9 2012 Over the past years PROMS has been hosted in many parts of the Pacific Rim in Singapore Malaysia Hong Kong Taiwan and Tokyo which has greatly promoted the research of and contributed to the development of Rasch Model in one way or another As early as in 1980s the ideas and concepts regarding IRT was first introduced into China by Prof Gui Shichun my Ph D supervisor and it is Prof Gui who first conducted with great success the ten year long 1990 1999 Equating Project for Matriculation English Test MET in China MET is the most influential entrance examination for higher education administered annually to over 3 3 million candidates then The Equating Project won recognition by Charles Alderson and other foreign counterparts during 1990s Academically those were Good Old Days for Chinese testing experts and psychometricians Then for certain reasons the equating practice abruptly discontinued Therefore in China nowadays the application of IRT based software like BILOG Parscale Iteman 4 and others to real testing problem solving is confined to an extremely small band of people In this sense PROMS2012 meets an important need in that it provides an excellent introduction of IRT and its application And anyone who is seriously interested in research and development in the field of psychometrics or language testing will find such a symposium and related workshops to be an excellent source of information about the application of Rasch Model PROMS2012 focuses on recent advances in objective measurement and provides an international forum on both the latest research in using Rasch measurement and non Rasch practice

New Perspectives on CALL for Second Language Classrooms Sandra Fotos,Charles M. Browne,2013-06-17 This practical handbook is designed to help language teachers teacher trainers and students learn more about their options for using computer assisted language learning CALL and develop an understanding of the theory and research supporting these options The chapters in New Perspectives on CALL for Second Language Classrooms synthesize previous CALL theory and research and describe practical applications to both second and foreign language classrooms including procedures for evaluating these applications The implementation of CALL at the institutional level is also addressed with attention to designing multimedia language laboratories and creating collaborative CALL based projects between educational institutions Although many chapters locate their descriptions of CALL activities and projects within the ESL EFL setting the principles and activities described are equally useful for other language settings The book does not require prior knowledge of CALL computers or software To assist readers a glossary of CALL terms and an appendix of CALL Web sites are provided The book also has its own accompanying Web site <http://www.era.com/callforL2classrooms> presenting chapter abstracts author contact information and regularly updated links to

pedagogical research and teacher development sites By integrating theoretical issues research findings and practical guidelines on different aspects of CALL this book offers teachers multiple levels of resources for their own professional development for needs based creation of specific CALL activities for curriculum design and for implementation of institutional and inter institutional CALL projects
