An Integrated Infrastructure Delivery Model for Developing Economies Rembuluwani Netshiswinzhe, Clinton

Aigbavboa, Wellington Didibhuku Thwala, 2023-08-29 This book explores the attributes of an integrated model for infrastructure delivery as a means to achieve high impact investing sustainable growth and development in a developing economy An Integrated Infrastructure Delivery Model for Developing Economies Planning and Delivery Management Attributes is premised on the understanding that one of the most significant barriers to efficient and effective infrastructure delivery is the nature and extent of fragmentation in the ways in which infrastructure projects are planned designed and delivered Using a Delphi method the research presented in this book examines the infrastructure delivery models and practices that have been employed in South Africa and other developing countries and in doing so presents eight attributes for integrated infrastructure delivery These are i developing a common vision for the community ii stakeholder participation iii integrated project development and scoping iv access to planning information v cross sectoral planning vi integrated infrastructure master plans vii statutory and regulatory compliance and viii integrated contractual frameworks The book presents a practical model that can serve as a guide and a manual for project planning and development to achieve integrated infrastructure delivery in developing economies The proposed model should serve as a framework to inform future planning and programming of infrastructure projects within the public sector space Furthermore the application of the model will help resolve the problems of fragmentation and lack of coordination in how infrastructure projects are planned and implemented This book will be beneficial to infrastructure practitioners policymakers researchers and academics who pursue best practice models to improve the delivery and management of infrastructure

A Methodological Evaluation of Delphi Forecast Procedures and Products in a Field Study Situation Jong Sung Lee, 1977

Benefit-Risk Assessment of Medicines James Leong, Sam Salek, Stuart Walker, 2015-04-21 This book proposes and investigates a universal framework and accompanying documentation system to facilitate and catalogue benefit risk decisions a valuable addition to the benefit risk toolbox Over the past decade pharmaceutical companies and regulatory agencies have been reviewing the benefit risk assessment of medicines with a view to developing a structured systematic standardized approach Examining the evaluation of such an approach by several mature regulatory authorities ensures that the reader gains a unique insight into the ongoing debate in this area The field of benefit risk assessment continues to evolve at a rapid pace due to political and societal pressure as is reflected in the recent FDA PUDFA agreement as well as in the EMA 2015 Roadmap Rather than provide a comprehensive snap shot of this constantly changing environment this book evaluates selected current approaches to benefit risk assessment The strengths and weaknesses of publicly available documents in communicating benefit risk decisions to stakeholders are reviewed and these evaluations are used to inform development of a prospective framework that could be used to harmonise procedures globally
