Inc. AJ Kumar, 2026-02-24 In the age of social media as personal television it's not about being the best at what you do it's about being the best at getting the right people to see it Guru Inc reveals how to position yourself as the go-to authority in your niche and build a personal media company that turns attention into influence, trust, and revenue. Digital marketing expert AJ Kumar reveals the hidden journey from having expertise to becoming the next-level thought leader everyone turns to for answers. Most experts focus on getting better at their craft, but the real game is creating such a strong mental association that people can't think about your niche without thinking about you. Drawing from growing up around spiritual gurus, working with TV stars, and helping experts build million-dollar personal brands, Kumar shows how to make this internal shift and transform your very presence into something people seek out, remember, and can't ignore. Inside you'll discover The Guru Ladder: Go beyond Level 3 where most experts plateau and rise to guru status. The 3 Strategic Moves: Become the name people default to when they need your expertise without shouting louder. Return on Attention Created (ROAC): Turn views into value by measuring what actually moves the needle. The Personal Media Company Model: Run your social media like a TV exec, not a wannabe influencer, and become binge-worthy by design. The Hidden Language of Virality: Trigger emotion, stop scrolls, and create content that feels personal to every viewer. Breaking the VOLT: Cure the Virus of Limited Thinking that keeps most experts stuck in obscurity. This isn't about posting more or getting lucky with the algorithm; it's about understanding why some experts naturally command respect while others with the same knowledge get ignored. The difference isn't talent or luck; it's an internal shift that changes how people perceive and respond to you. With a foreword by Neil Patel, *Guru Inc* will show you how to position your expertise, but the real transformation happens in how you see yourself. Most experts wait for permission to lead; the ones who break through simply decide they already belong. Your expertise deserves to be seen. This book shows you how to make that happen. *Yes No Maybe So* Becky Albertalli, Aisha Saeed, 2020-02-04 A book about the power of love and resistance from New York Times bestselling authors Becky Albertalli and Aisha Saeed. YES: Jamie Goldberg is cool with volunteering for his local state senate candidate as long as he's behind the scenes. When it comes to speaking to strangers or let's face it, speaking at all to almost anyone, Jamie's a choke artist. There's no way he'd ever knock on doors to ask people for their votes until he meets Maya. NO: Maya Rehman's having the worst Ramadan ever. Her best friend is too busy to hang out, her summer trip is canceled, and now her parents are separating. Why her mother thinks the solution to her problems is political canvassing with some awkward dude she hardly knows is beyond her. MAYBE: SO. Going door-to-door isn't exactly glamorous, but maybe it's not the worst thing in the world. After all, the polls are getting closer, and so are Maya and Jamie. Mastering local activism is one thing; navigating the cross-cultural crush of the century is another thing entirely. *Hiding in the Bathroom* Morra Aarons-Mele, 2017-09-26 Introverts will love this practical and moving guide to building a career network and life you love.
