mentioned that because English is such a flexible inconsistent language the rules that are often bandied about are usually not rules at all but rather guides that reflect how the language is used Accordingly the guidelines contained within this book are just that guidelines They are not intended to provide constrictive or proscriptive rules that confine everyone to a particular way of speaking or writing Learning how the English language works will enhance your engagement with speech and writing every day from the books you read to the e-mails you write to the conversations you have with friends and strangers alike As such mastering grammar is not an exercise that is confined to the classroom While it is certainly important to learn the structures styles and rules that shape the language the key to truly learning English is to read and listen to the way people write and speak everyday from the most well known authors to the people you talk to on the bus Take the information you find in this book and carry it with you into the world P Herring *English for Everyone English Grammar Guide and Practice Book Grammar Box Set* DORLING KINDERSLEY., 2022-12-20 A beautifully packaged box set containing a comprehensive visual reference guide to English grammar and an accompanying practice book Understanding and practicing even the trickiest English grammar points has never been easier Puzzled by past tenses Confused by comparatives With a one stop visual reference guide to all the key points of English grammar and an accompanying workbook packed with more than 1 000 practice exercises this beautifully packaged box set makes learning and practicing grammar incredibly easy The English for Everyone Grammar Guide uses an innovative visual learning method to make even the most difficult grammar rules clear and simple With illustrations step by step graphics and annotated sample sentences the Grammar Guide offers an exciting and intuitive way to study and revise English grammar All the most important points of English grammar are covered including tenses modal verbs articles pronouns prepositions and clauses The Grammar Guide Practice Book contains carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding Grammar Guide unit More than 3 000 practice questions will help you build your confidence and become more fluent Ideal for learners at all levels this self study program covers basic intermediate and advanced grammar Whether you want to improve your grammar for work study travel or exams the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar remember it and use it with confidence Special collections Princeton University.
