

A complex collage of classical Greek art. In the top left is a large marble head of Athena with her helmet. To the right is a chariot scene with a woman in a red and blue dress. Below that is a muscular male statue, likely Achilles. In the bottom left is a seated male figure, possibly Zeus. The bottom center shows a cityscape with a warrior in the foreground. A large, dark, circular shape is in the center, containing the text.

Ariadne Unraveled Zenobia Neil, 2021-06-28 Ariadne high priestess of Crete grew up duty bound to the goddess Artemis. If she takes a husband she must sacrifice him to her goddess after no more than three years of marriage. For this reason she refuses to love any man until a mysterious stranger arrives on her island. The stranger is Dionysus, the new god of wine who empowers women and breaks the rules of the old gods. He came to Crete seeking vengeance against Artemis. He never expected to fall in love. Furious that Dionysus would dare meddle with her, high priestess Artemis threatens to kill Ariadne. If Dionysus doesn't abandon her, heartbroken the new god leaves Crete vowing to become better than the Olympians. From the bloody labyrinth and the shadows of Hades to the halls of Olympus, Dionysus must find a way to defy Artemis and unite with his true love. Forced to betray her people, Ariadne discovers her own power to choose between the goddess she pledged herself to and the god she loves.

Mythology for Storytellers Howard J. Sherman, 2014-12-18 Illustrated in full color throughout, this delightful collection puts the riches of world mythology at the fingertips of students and storytellers alike. It is a treasury of favorite and little-known tales from Africa, Asia, Europe, the Americas, Australia, and Oceania, gracefully retold and accompanied by fascinating, detailed information on their historic and cultural backgrounds. The introduction provides an informative overview of mythology, its purpose in world cultures, and myth in contemporary society and popular culture. Mythic themes are defined, and the often-misunderstood difference between myth and legend explained. Following this, the main sections of the book are arranged thematically, covering The Creation, Death, and Rebirth Myths, Myths of Origins, Myths of the Gods, and Myths of Heroes. Each section begins by comparing its theme cross-culturally, explaining similarities and differences in the mythic narratives. Myths from diverse cultures are then presented, introduced, and retold in a highly readable fashion. A bibliography follows each retelling so readers can find more information on the culture, myth, and deities. Character, geographical, and general indexes round out this volume, and a master bibliography facilitates research. For students, storytellers, or anyone interested in the wealth of world mythology, *Mythology: Stories and Themes from Around the World* provides answers to common research questions, sources for myths and stories that will delight, inform, and captivate.
