overlooked as critical subjects in education often dismissed by students and teachers after primary education is completed. However, the need for these subjects in our society is crucial. The books in this series aim to pique the interest of children in these areas of study, stress the importance of these subjects, and help encourage children who are interested to continue within these fields as they grow and learn. Between marvelous mazes, spot the difference, drawing puzzles, pattern identifying, testing quizzes, and more, the activities in this book introduce children to the beautiful world of art and might even one day inspire them to contribute a masterpiece of their own.
