Grade 8 Reading Comprehension Worksheet

Helen Keller

Read the passage. Then answer the questions.

Helen Keller was an American writer and speaker. She was born in Tuscumbia, Alabama in 1880. When she was nineteen months old she became sick and lost her eyesight and hearing. She made up signs with her hands so she could "talk" to her family.

The family knew they had to do something to help her. They found a teacher named Anne Sullivan.

Miss Sullivan herself had been blind, but had an operation and regained her sight. Helen's first word was "water". She learned this word when

Anne put Helen's hand under some water and wrote W,A,T,E,R on her hand. Then she learnt the words with this method. Anne taught her for years. In 1890, Helen's family sent her to the

Perkins Institute to learn how to speak and communicate. When she was nineteen years old, Helen went to Radcliffe

College in Massachusetts. She graduated from Radcliffe in 1904. She was the first deaf and blind person to earn a Bachelor of Arts degree. Helen learned to read Braille. While she was in college she wrote her book called "The Story of My Life". She also wrote a book about Anne Sullivan called "Teacher". She wrote

twelve other books. She became famous and traveled around the world. Helen Keller was successful because of her determination. The most important person in her life was Anne Sullivan who stayed with her for 50 years. Helen Keller died in her sleep on June 1, 1968, at Arcan Ridge in Connecticut. Helen Keller reminds us that people with disabilities can do great things.

Answer the questions.

1. What is the main idea of the passage?
2. Underline five sentences in the passage that support the idea.
3. Write a short summary. Tell what is the most important.
