book investigates the relationship between English and personal and national development as this is both discursively
promoted particularly through language policy and practically realized in developing societies It addresses the effects that
the increased use of English and the promotion of English language education are having in developmental contexts and their
impact on broader educational issues on local language ecologies and on questions of cultural identity It investigates these
issues by drawing together a series of original examinations and case studies by a range of leading scholars working in this
burgeoning field The chapters focus on a variety of contexts from around the world and the volume as a whole surveys and
critiques the positioning and influence of English as a catalyst for development in the 21st century **The Globalisation of**

English and the English Language Classroom Claus Gnutzmann,Frauke Intemann,2008-08-20 The English language is
the medium of globalisation and it is itself deeply affected by globalisation As a result the teaching and learning dimension of
English as a tool for global communication needs rethinking especially in the traditional English language classroom which is
still largely based on Anglo American language norms and contents The articles of this volume reflect the ongoing
international discussion with regard to the use and acquisition of English in a world wide context The contributions cover
four essential domains of this discussion 1 Political Cultural and Sociolinguistic Dimensions 2 Teaching and Learning English
in a Global Context Old and New Standards 3 Learners in Primary Secondary and Higher Education Focus on Europe and 4
Teacher Education The volume goes beyond the language teaching context and approaches the globalisation of English from
several perspectives English Language and Literature Mompoloki Mmangaka Bagwasi,Modupe Moyosore Alimi,Patrick
Ebewo,2008 English Language and Literature Cross Cultural Currents is a collection of essays that interrogate the
precarious positions of English and African languages in an era in which English is increasingly becoming the dominant
language in Africa while at the same time there is a growing resistance against it Though many Africans take pride in their

own cultural heritage that is expressed by their African languages they require the economic and social benefits of English
The book presents a language dilemma in which both African languages and English enhance inhibit and influence each
other The data used by the authors spans a broad spectrum of sources including fiction courts parliamentary Hansards
House of Chiefs classrooms internet roads and bus ranks Thus it is reflective of the most and least educated the most and
least influential Africans The presentations provide broad insights about African symbols metaphors imagery and folklores
representing undocumented literature that challenge scientific imperialism and deficit theories The diversity and freshness of
the ideas in the book stem from the unique blend of the background of the contributors English language and literature
teachers teachers of African languages educationalists sociologists historians and politicians Thus the book is a valuable
asset to scholars in linguistics anthropology and language policy makers Research in Sociology of Education Emily
