Learner English

Michael Swan, Bernard Smith

Learner English:

Learner English Michael Swan, Bernard Smith, 2001-04-26 A practical reference guide to help teachers to predict and understand the problems their students have

Learner English Michael Swan, Bernard Smith, 2001-04-26 This updated edition is a practical reference guide which compares the relevant features of a student's own language with English helping teachers to predict and understand the problems their students have

Learner English has chapters focusing on major problems of pronunciation grammar vocabulary and other errors as well as new chapters covering Korean Malay Indonesian and Polish language backgrounds

Learner English on Computer Sylviane Granger, 2014-02-04 The first book of its kind

Learner English on Computer is intended to provide linguists students of linguistics and modern languages and ELT professionals with a highly accessible and comprehensive introduction to the new and rapidly expanding field of corpus based research into learner language

Edited by the founder and co-ordinator of the International Corpus of Learner English ICLE the book contains articles on all aspects of corpus compilation design and analysis

The book is divided into three main sections in Part I the first chapter provides the reader with an overview of the field explaining links with corpus and applied linguistics second language acquisition and ELT

The second chapter reviews the software tools which are currently available for analysing learner language and contains useful examples of how they can be used

Part 2 contains eight case studies in which computer learner corpora are analysed for various lexical discourse and grammatical features

The articles contain a wide range of methodologies with broad general application

The chapters in Part 3 look at how Computer Learner Corpus CLC based studies can help improve pedagogical tools EFL grammars dictionaries writing textbooks and electronic tools

Implications for classroom methodology are also discussed

The comprehensive scope of this volume should be invaluable to applied linguists and corpus linguists as well as to would be learner corpus builders and analysts who wish to discover more about a new exciting and fast growing field of research

[A Corpus Study of Collocation in Chinese Learner English](#)

Yuanwen Lu, 2016-12-08 Based on two corpora LOCNESS Louvain Corpus of Native English Essays and MLC Non English major Mainland Chinese Learner Corpus this book explores the grammatical and lexical collocations of Chinese learner English

As one of the first systematic studies to investigate collocations in Chinese learner English based on learner corpora this book provides significant implications for foreign language teaching and learning

Information Highlighting in Advanced Learner English Marcus Callies, 2009-04-08 This book presents the first detailed and comprehensive study of information highlighting in advanced learner language echoing the increasing interest in questions of near native competence in SLA research and contributing to the description of advanced interlanguages

It examines the production and comprehension of specific means of information highlighting in English by native speakers and German learners of English as a foreign language presenting triangulated experimental and learner corpus data as corroborating evidence

The study focuses on learners use of discourse pragmatically motivated variations of the basic word order such as inversion preposing

and it and wh clefts an underexplored field in SLA research to date The book also provides a critical re assessment of the study of pragmatics within SLA It has largely been neglected to date that L2 pragmatic knowledge includes more than the sociopragmatic and pragmalinguistic abilities for understanding and performing speech acts Thus the book argues for an extension of the scope of inquiry in interlanguage pragmatics beyond the cross cultural investigation of speech acts It also discusses pedagogical implications for foreign language teaching and will be of interest to applied linguists and SLA researchers language teachers and curriculum designers

Corpus-based Language Studies Tony McEnery, Richard Xiao, Yukio Tono, 2006 Routledge Applied Linguistics is a series of comprehensive textbooks providing students and researchers with the support they need for advanced study in the core areas of English language and Applied Linguistics Each book in the series guides readers through three main sections enabling them to explore and develop major themes within the discipline Section A Introduction establishes the key terms and concepts and extends readers techniques of analysis through practical application Section B Extension brings together influential articles sets them in context and discusses their contribution to the field Section C Exploration builds on knowledge gained in the first two sections setting thoughtful tasks around further illustrative material This enables readers to engage more actively with the subject matter and encourages them to develop their own research responses Throughout the book topics are revisited extended interwoven and deconstructed with the reader s understanding strengthened by tasks and follow up questions

Corpus Based Language Studies covers the major theoretical approaches to the use of corpus data adopts a how to approach with exercises and cases affording students with the knowledge and tools to undertake their own corpus based research gathers together influential readings from leading names in the discipline including Douglas Biber Henry Widdowson Michael Stubbs Ronald Carter and Michael McCarthy is supported by a website featuring long extracts for analysis by students with commentary by the authors The accompanying website to this book can be found at <http://www.routledge.com/textbooks/0415286239>

Learner English Michael Swan, Bernard Smith, 1987-08-27 As a teacher of English as a foreign or second language have you ever wished you knew more about your students mother tongues Learner English is a practical reference book which compares the relevant features of the students own languages with English helping teachers to predict and understand the problems their students have The nineteen chapters each of which covers one language background are written by specialists with experience in teaching students from the areas concerned The chapters describe and explain the most important typical pronunciation grammar vocabulary and other mistakes of learners who speak Dutch Flemish Scandinavian languages except Finnish German French Italian Spanish Catalan Portuguese Greek Russian Farsi Arabic Turkish Indian languages West African languages Swahili Japanese Chinese Vietnamese and Thai The book is accompanied by a cassette with authentic examples of the various accents described in the book

The Learner's English-Russian Dictionary for English-speaking Students Sof'ia Folomkina, H. Weiser, 1975

Input, Process and Product James Thomas, Alex Boulton, 2014-01-01 Tato publikace je

sborníkem 21 příspěvků přednesených na 9 roční konferenci Teaching and Learning Corpora, která se uskutečnila na Masarykově univerzitě v létě 2010. Statisticky byly vybrány na základě dvou anonymních posudků poskytnutých vdeckou radou konané konference. Kniha se zabývá rozmanitými způsoby využití jazykových korpusů při výuce a při studiu cizího jazyka a je rozdělena do čtyř oddílů. Oddíl 1 a 2 pohledy na korpus jako vstupní zdroj zkoumají nejdříve v obecně, jak mohou korpusy obohatit v učení jazyka, poté na konkrétních případech ukazují, jak především poznatky do praxe a nakonec hodnotí jednotlivé využití korpusu studenty. Oddíl 3 a 4 tematizují korpus jako nástroj, který představuje především srovnání s korpusy rodilých mluvčích a následnou identifikaci chyb i problémových oblastí, ale také ukazují, co studenti mohou v důsledku skutečného využívání rovněž pokročit a pokoušeli se zodpovědět na otázku, co nám tyto informace říkají o samotném procesu učení.

World Englishes and Second Language Acquisition Michael Percillier, 2016-09-07 Bridging the gap between the fields of World Englishes and Second Language Acquisition, this volume offers an in-depth comparative analysis of two postcolonial varieties of English: Singapore and Malaysian English and neighbouring Indonesian learner English, in order to examine the Outer Expanding Circle distinction and shed light on the genesis of postcolonial varieties of English. The study identifies and analyses more than thirty linguistic features in the categories phonology, morphology, syntax and discourse, concluding that in spite of clear syntactic differences the distinction between the Outer and Expanding Circles is gradual rather than strictly categorical and should rely on current sociolinguistic realities rather than on historical criteria. The volume will be highly relevant for researchers interested in the dynamics of Outer Circle and Expanding Circle Englishes, the structural and sociolinguistic aspects of English in Southeast Asia or the integration of the paradigms of World Englishes and Second Language Acquisition. World Englishes and Second Language Acquisition received honourable mention at the 2018 ESSE Book Awards.

How to Use Corpora in Language Teaching John McHardy Sinclair, 2004-01-01 After decades of being overlooked, corpus evidence is becoming an important component of the teaching and learning of languages. Above all, the profession needs guidance in the practicalities of using corpora: interpreting the results and applying them to the problems and opportunities of the classroom. This book is intensely practical, written mainly by a new generation of language teachers who are acknowledged experts in central aspects of the discipline. It offers advice on what to do in the classroom, how to cope with teachers' queries about language, what corpora to use (including learner corpora and spoken corpora) and how to handle the variability of language. It reports on some current research and explains how the access software is constructed, including an opportunity for the practitioner to write small but useful programs, and it takes a look into the future of corpora in language teaching.

The Massachusetts Register, 2017-07-28

Praeceptor Samuel Ogden Andrew, 1913

Metaphors in Learner English Susan Nacey, 2013-11-15 This volume presents results from a corpus-based investigation into the metaphorical production of foreign language learners, comparing texts written by Norwegian L2 learners of English with those written by British L1 students. Three types of questions are addressed. The first has empirically measured answers. For example, do L2 English writers produce more metaphors than L1

novice writers How frequent are novel metaphors in an L2 as compared with an L1 The second type has more subjective answers How creatively do L2 English learners employ metaphor Are they even expected to be able to produce metaphor at all The third type combines theoretical and methodological perspectives How is metaphorical creativity identified What is the potential role of metaphoric competence Most importantly how are metaphors identified To this end the newly developed Metaphor Identification Procedure is tested and critiqued This book is intended for metaphor researchers corpus linguists applied linguists and language educators *Werner's Voice Magazine* ,1889 **The World To-day** ,1903 *The Classical Journal* ,1924 Foreign Language Teaching and Information and Communication Technology Barbara Lewandowska-Tomaszczyk,John Osborne,Frits Schulte,2001 This volume intends to offer guidelines for the utilisation of information and communication technology ICT in language study and teaching First chapters demonstrate how this general revolution has led to the emergence of a new educational paradigm in the context of digitally enriched learning environments including its design and implementation for literary or cultural studies The applications of ICT in language learning and the use of computers in SLA research are discussed in the next two chapters The final chapter introduces and discusses the scope and concepts of computational linguistics and corpus linguistics and their applications in lexicography translation and foreign language teaching It is also devoted to looking at ways in which computers can contribute to our understanding of what language is and what implications this knowledge can bring to linguistic practice and use **The Mastery Series** Thomas Prendergast,1882 **The reporter's assistant and the learner's guide to a knowledge of phonography** Sir Isaac Pitman,1898

Embark on a breathtaking journey through nature and adventure with Explore with is mesmerizing ebook, Natureis Adventure: **Learner English** . Learner English Introduction

In the digital age, access to information has become easier than ever before. The ability to download Learner English has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Learner English has opened up a world of possibilities. Downloading Learner English provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Learner English has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Learner English. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Learner English. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Learner English, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Learner English has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Learner English Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Learner English is one of the best book in our library for free trial. We provide copy of Learner English in digital format, so the resources that you find are reliable.
