Dealing with Econometrics Jordi Ripollés,Inmaculada Martínez-Zarzoso,Maite Alguacil,2022-07-18 The book covers the  
basic statistical tools needed to analyse cross sectional data in order to identify quantify and evaluate possible socio  
economic relationships It contains both theoretical summaries and practical examples and exercises some of which are  
solved using Excel or the Gretl software package The exercises are mostly based on real world data from Europe and Spain  
The book also discusses basic methods principles and practices of cross sectional econometrics considering simple and  
multiple regression analysis statistical inference the use of qualitative information in regression analysis and discrete choice  
models In essence it is a practical guide to the fundamentals of econometrics commonly taught in undergraduate courses in  
Business Administration Finance and Accounting and Economics in Europe Econometric Analysis Sharif  
Hossain,2024-02-08 For the last four decades the uses of econometric tools and techniques irrespective of discipline have  
been increasing rapidly for solving problems appropriate decision making and policy formulation Generally it is accepted that  
the study of modern business and economics is incomplete without a proper knowledge of econometric tools and techniques  
In view of the increasing complexity and variety of problems in business and economics students and researchers may not be  
able to cope and hence may remain unfamiliar with many aspects of business and economic problems Thus this book was

written to explore basic and advanced studies of econometrics for undergraduate and graduate students of business and economics as well as for researchers already engaged in these fields who require an introduction to econometric methods and their application for solving of real life problems The book offers a balanced presentation of fundamental and advanced levels of econometric concepts and methods along with practical examples of their effective application in real life problems
