Lourraine Deluna,B. Quarles,2017-07-13 Bullying is a form of abuse Bullies use their power to intentionally repeatedly harm

others that seem to be less powerful. However, you can help stop it. It is our hope that this book sparks conversations, inspires activities that teach about bullying, and gives students that are being bullied a voice. It does not have to be a formal program for bullying awareness to be effective. Whether you are an educator, parent, student, or member of the community, it takes all of us to help eliminate bullying. Please remember that bullying is a big deal and it is not just kids being kids. Please let bullying prevention start with you.

We Are All Beautifully Different Lcswr Jennifer Kempner, 2013-12. This is a lovely and much-needed book that provides an opportunity to open the conversation regarding bullying with our youngest children. In a question and brainstorm answers format, Ms. Kempner's book will enable families to identify specific episodes of bullying that can occur in preschool and elementary school-age children. Once identified, the readers are asked to think of alternative ways to handle the situations in which bullying can but doesn't have to occur.

Susan D. Boulware, M.D., Assistant Clinical Professor in Pediatrics, Yale Medical University. Endorsed and supported by The Turner's Syndrome Society of the United States (TSSUS). This anti-bullying book is designed to teach children to have empathy towards other children that may be perceived as different. The book helps children realize how painful it is to be teased, isolated, or bullied, which hopefully will inspire them to refrain from treating others in this way.

From the author: We need to come together as parents, professionals, and educators to increase the awareness of the differences in many of our children today. We need to teach our children tolerance and acceptance of their peers who are so-called "different." As diagnoses of Autism, ADHD, and other syndromes and issues are on the rise, we have no choice but to use awareness and understanding to reinforce empathy in our children. Children that are different should not be made to feel like outcasts; they need to be understood, not shunned or ignored.

The author, Jennifer Kempner, LCSWR, is a mother of three children and a New York State licensed clinical therapist. She received her Master's Degree in Clinical Social Work, specializing in Child and Family Counseling, from Fordham University in New York.
