Impostors Christopher L. Miller, 2022-12-22 Miller takes us on an exciting tour of postcolonial and world literature guiding us through the literary maze of the real and the pretenders to the real Ngugi wa Thiong o author of *Wizard of the Crow* Writing a new page in the surprisingly long history of literary deceit *Impostors* examines a series of literary hoaxes deceptions that involved flagrant acts of cultural appropriation This book looks at authors who posed as people they were not in order to claim a different ethnic class or other identity These writers were in other words literary usurpers and appropriators who trafficked in what Christopher L Miller terms the intercultural hoax In the United States such hoaxes are familiar Forrest Carter s *The Education of Little Tree* and JT LeRoy s *Sarah* are two infamous examples Miller s contribution is to study hoaxes beyond our borders employing a comparative framework and bringing French and African identity hoaxes into dialogue with some of their better known American counterparts In France multiculturalism is generally eschewed in favor of universalism and there should thus be no identities in the American sense to steal However as Miller demonstrates this too is a ruse French universalism can only go so far and do so much There is plenty of otherness to appropriate This French and Francophone tradition of imposture has never received the study it deserves Taking a novel approach to this understudied tradition *Impostors* examines hoaxes in both countries finding similar practices of deception and questions of harm In this fascinating
