*Philosophers of Consciousness* Eugene Webb, 2014-12-01 *Philosophers of Consciousness* is both an expository study of the thought of the six figures it focuses on and an original exploration of the themes they address. In addition, as Eugene Webb states, it does not hesitate to probe the more problematic areas of the thought of each thinker and to suggest what to some of their advocates will probably seem rather bold and controversial interpretations of their ideas. The book reveals some deep differences that set the six off against one another in what is basically a clash between the intellectual emphasis of Lonergan and the more existential approaches of the other thinkers in this study. Readers of Kierkegaard may find much of Webb's interpretation surprising and perhaps disturbing.

**Visions and Faces of the Tragic** Paul M. Blowers, 2020-06-11 Despite the pervasive early Christian repudiation of pagan theatrical art, especially prior to Constantine, this monograph demonstrates the increasing attention of late ancient Christian authors to the genre of tragedy as a basis to explore the complexities of human finitude, suffering, and mortality in relation to the wisdom, justice, and providence of God. The book argues that various Christian writers, particularly in the post-Constantinian era, were keenly devoted to the mimesis or imaginative representation of the tragic dimension of creaturely existence, more than with simply mimicking the poetics of the classical Greek and Roman tragedians. It analyses a whole array of hermeneutical, literary, and rhetorical manifestations of tragical mimesis in early Christian writing, which capitalizes on the elements of tragedy already perceptible in biblical revelation, aspired to deepen and edify Christian engagement with multiform evil and with the extreme vicissitudes of historical existence. Early Christian tragical mimetics included not only interpreting and often amplifying the Bible's own tragedies for contemporary audiences, but also developing models of the Christian self as a tragic self, revamping the Christian moral conscience as a tragical conscience, and cultivating a distinctively Christian tragical pathos. The study culminates in an extended consideration of the theological intelligence and accountability of tragical vision and tragical mimesis in early Christian literary culture, and the unique role of the theological virtue of hope in its repertoire of tragical emotions.

**The Demon's Influence** Sanchez Jorge, 2025-11-09 *The Demon's Influence* is a chilling and thought-provoking anthology that delves into the insidious depths of dark magic and the terrifying ways malevolent forces can infiltrate and corrupt the human spirit. Filmmaker Ed Wood was controversial and critically maligned even labeled the worst director of all time yet he achieved cult status and remains of great interest today This book frames Wood's work such as the cross dressing themed Glen or Glenda and the haphazard Bride of the Monster as reflections of the culture of their era Wood invariably worked with infinitesimal budgets shooting at breakneck speed incorporating plot twists that defied all logic Yet there was a tangible if unfocused thematic thrust to Wood's films which meditate fitfully on gender religion and society revealing a holy trinity of fixations sex death and resurrection Wood's infamous Plan 9 From Outer Space encapsulates the fixations and flaws that were his hallmarks and with 22 other films is explored here A filmography and 47 photographs are included
