The Sales and Marketing Excellence Challenge Jim Dickie,2003 **Life Association News** ,1924 *Escaping the Black Hole* Robert J. Schmonsees,2005 Sales and marketing are critical departments in any corporation but they never seem to work together very well Author Robert Schmonsees explains why this happens especially in the business to business sector However his blueprint for correcting sales marketing disconnects is somewhat swamped by his writing style which is full of repetitive prose and industry jargon Eager to describe and elaborate on various problems and solutions he tends to overuse numbered lists and circular flow charts In fact he sometimes enumerates good techniques for correcting a problem and returns to the same issue in a later chapter Pulling such concepts together would have aided his argument Thus the worthwhile ideas in the book are challenging to put into practice getAbstract believes that s unfortunate because the author s insights are helpful and a more systematic approach might have made them more accessible Patient readers will find this book useful
