## Instructions for the Modified Test

The modified test is made to the right of items 1-6 above. Items 1-6 are to be done if the patient fails to respond satisfactorily to any item, except item 7, at the left end of the scale. This score indicates that the patient had difficulty performing that particular skill. If the patient responds correctly and without difficulty to the items, mark "0." A score of "0" indicates clearly normal or functional behavior. The numbers between other numbers suggest some degree of abnormal function.
