By Bojan Radojicic

## RELEVANCE

Financial information should be relevant to the decision-making needs of users. It should have predictive value, confirmatory value, or both.

## FAITHFUL REPRESENTATION

Financial information should faithfully represent the economic phenomena it purports to represent. It should be complete, neutral, and free from error.

## SUBSTANCE OVER FORM

Transactions and events should be accounted for and presented in accordance with their substance and economic reality, rather than merely their legal form.

## PRUDENCE

When uncertainty exists, caution should be exercised in the recognition and measurement of assets, liabilities. Anticipated losses should be recognized immediately, while gains should be recognized only when realized.

## COMPARABILITY

Financial information should be presented in a manner that enables users to compare it with information from other entities and across different periods.

## UNDERSTABILITY

Financial information should be presented in a clear and concise manner, making it understandable to users with reasonable knowledge of business and economic activities.

## TIMELINESS

Financial information should be available to users in a timely manner, allowing them to make informed decisions.

## VERIFABILITY

Financial information should be capable of being verified or corroborated by independent and knowledgeable parties.

## GOING CONCERN

Unless there is evidence to the contrary, it is assumed that the entity will continue to operate for the foreseeable future. Financial statements are prepared on a going concern basis.

## MATERIALITY

Financial information should be material if omitting or misstating it could influence the decisions of users. Materiality depends on the nature and magnitude of the item or information.

Study Guide for Use with Financial Accounting Robert Libby,Patricia A. Libby,Daniel G. Short,2003 Libby Libby Short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not They believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business When writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design Libby Libby Short is the only financial accounting text to successfully implement a real world single focus company

approach in every chapter Students and instructors have responded very favorably to the use of focus companies and the real world financial statements The companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting Public Finance and Public Policy Jonathan Gruber,2012-12-15 Jonathan Gruber s groundbreaking Public Finance and Public Policy was the first textbook to truly reflect the way public policy is created implement and researched Like no other text available it integrated real world empirical work and coverage of transfer programs and social insurance into the traditional topics of public finance From its first edition the book quickly became the market leading text for Public Finance and Public Policy courses and the margin is growing Thoroughly updated this timely new edition gives students the basic tools they need to understand the driving issues of public policy today including healthcare education global climate change entitlements and more
