that others have already had Kleon suggests that creativity is everywhere and is for everyone so even if you don't feel like you are as great of an author painter photographer or whatever your chosen medium may be you should still learn from the best and try your best to imitate their work This he says is how everyone finds their own individual style While discussing what he calls the inevitability of influence Kleon tells his readers to live outside the vacuum and just to have fun with their art He says there is no such thing as an original idea in today's creative world Instead every artist is merely taking ideas from one another and adding their own stylistic elements You don't need to be a genius he says You just need to be yourself Throughout the book which is organized into eleven major subheadings Kleon tells us to create what we would enjoy in the hope that someone else will enjoy it too Instead of creating something popular or trendy to cater to the masses we should instead simply create to please ourselves After all new trends are forged when people are willing to step outside of the box The book itself is an easy and fun read and suitable for young adults as well as more seasoned artists Be The Artist
