The Shichida Method:

An Introduction to Non-Ocular Vision Activation, 2024-07-28 This book was born out of a deep seated curiosity and a passion for expanding our understanding of human potential The phenomenon of extraocular vision seeing without the use of the physical eyes has intrigued researchers mystics and curious minds for centuries Despite its profound implications there are only a handful of books available in English that delve into this subject in a meaningful and accessible way This scarcity inspired the creation of this book

The 7cs Manika Sharma, 2025-08-11 In a world shaped by rapid change rising screen time and shrinking attention spans how do we raise grounded joyful future ready children The 7Cs is more than a book it s a conscious parenting and education movement rooted in over two decades of research practice and spiritual insight Synthesizing the wisdom of Montessori Waldorf Reggio Emilia neuroscience yogic philosophy and ancient Indian traditions Manika Sharma presents a transformative framework for early childhood development The Seven Cs represent the core influencers in a child s life from self and family to nature and awareness and provide a holistic lens to nurture the physical mental emotional energetic social and spiritual dimensions of a child Through personal stories grounded guidance and deeply reflective insights this book redefines education not as instruction but as transformation Whether you re a parent educator or changemaker this book will inspire you to co create environments where children can thrive as resilient creative connected and conscious beings

Brief Therapy Mindfulness René Pedroza Flores, 2015-11-30 The world is changing it opens like a flower to light new ways of learning and knowledge The legacy of one thought is part of the annals of the dogmatic spirits The same is true in education All uncharted territory lies before us Cognition is not everything Now it is a voice that resonates everywhere It will accompany states affecting soul feelings and emotions to understand the teacher as a human being exercising a profession that takes knowledge and love This works as the teacher changes as a person with all its potential and vicissitudes The aim is to change the teacher to good treatment from itself with the help of brief strategic therapy and mindfulness A dialogue between East and West strategic problem solving techniques and meditation techniques talking the same language the language of human rights harmony and cordiality that is necessary to put a stop to such violence and abuse in the relationship swarming pedagogical We believe in the possibility of good treatment a sensitive teacher who listens encourages and respects It does not hurt or mistreat those who loves what he does and puts the human face of education in their performance Here the reader will find an original method for teaching change going to manage breathing reflection and action to achieve full attention and deep awareness

Fulfilling Your Child's Potential Sherry Tian, 2009

Education as Cultivation in Chinese Culture Shihkuan Hsu, Yuh-Yin Wu, 2014-10-24 Given the increasing global interest in Chinese culture this book uses case studies to describe and interpret Chinese cultivation in contemporary Taiwanese schools Cultivation is a concept unique to Chinese culture and is characterized by different attitudes towards teaching and learning compared to Western models of education The book starts with a discussion of human nature in

Chinese schools of philosophy and levels of goodness Following the philosophical background is a presentation of how cultivation is practiced in Chinese culture from prenatal through high school education The case studies focus both on how students are cultivated as they become members of Chinese society and on what role teachers play in cultivating the children in school In addition supports from Chinese educational institutions including public schools families and organizations such as private cram schools are introduced and explained In closing the book presents a critique of the modern school reform movement and the conflicts between the reform proposals and traditional practices Based on the collective work of Taiwanese researchers in the fields of education history and anthropology the book identifies the purpose of education as cultivating virtue in a process of creating an ideal person who serves society and describes the way teachers have carried on this tradition despite its faltering status in contemporary educational discourse and in the face of reform movements
