**Summary of Evan Wright's Generation Kill** Everest Media, 2022-06-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Recon Marines are the best and toughest in the Marine Corps They are trained to stealthily move behind enemy lines in teams of four to six men observe positions and avoid contact with hostile forces 2 The plan for the Marines in Iraq was to disregard sacred American military doctrine tenets The Americans would assault through the planned route and continue moving without pausing to establish rear security 3 The men in First Recon were to be Mattis's shock troops leading the way through much of the invasion They were never trained for an ambush hunting role but that's what they ended up doing *Violence in American Popular Culture* David Schmid, 2015-11-02 This timely collection provides a historical overview of violence in American popular culture from the Puritan era to the present and across a range of media Few topics are discussed more broadly today than violence in American popular culture Unfortunately such discussion is often unsupported by fact and lacking in historical context This two volume work aims to remedy that through a series of concise detailed essays that explore why violence has always been a fundamental part of American popular culture the ways in which it has appeared and how the nature and expression of interest in it have changed over time Each volume of the collection is organized chronologically The first focuses on violent events and phenomena in American history that have been treated across a range of popular cultural media Topics include Native American genocide

slavery the Civil Rights Movement and gender violence The second volume explores the treatment of violence in popular culture as it relates to specific genres for example Puritan execution sermons dime novels television film and video games An afterword looks at the forces that influence how violence is presented discusses what violence in pop culture tells us about American culture as a whole and speculates about the future

[Hella Nation](#) Evan Wright, 2016-10-24 Hella Nation charts Wright s deeply personal journey from his stark but sympathetic portrayals of sex workers in Porn Valley to his raw portrait of a Hollywood ber agent turned war documentarian and hero of America s far right Along the way he meets runaway teens in Hollywood earning corporate dollars as skateboard pitchmen radical anarchists plotting the overthrow of capitalism from tree sits in the Oregon rainforest and young American troops on the hunt for terrorists in the combat zones of the Middle East His subjects are people for whom The American Dream is either just out of grasp or something they have chosen to reject altogether Sometimes frightening usually profane and often

darkly comic Hella Nation is Wright's meticulously observed tour of the jagged edges of all those other Americas hiding in plain sight
