Modern European History John R. Barber, 2011-09-20 The Age of Modern Europe The Industrial Revolution The Ancien Regime and Its Critics The Despots and the High Enlightenment The French Revolution and the Reign of Terror The French Revolution and the Napoleonic Empire The Attempt to Restore the Ancien Regime The Age of European Revolution The New Nationalism The Industrial Nation States The Industrializing States The Culture of Industrial Europe The Great War and the Russian Revolution The Formation of the Soviet Union The Rise of Fascism The European Democracies The Second World War Cold War Europe Eastern Europe since 1953 The Cold Wars and After Western Europe and the European Community since the 1950 s Modern and Ultra Modern Europe in the 1990 s Also includes Chronology of History Maps Charts Tables Full Index and Bibliography [The European Experience](#) Jan Hansen, Jochen Hung, Jaroslav Ira, Judit Klement, Sylvain Lesage, Juan Luis Simal, Andrew Tompkins, 2023-02-21

The European Experience brings together the expertise of nearly a hundred historians from eight European universities to internationalise and diversify the study of modern European history exploring a grand sweep of time from 1500 to 2000 Offering a valuable corrective to the Anglocentric narratives of previous English language textbooks scholars from all over Europe have pooled their knowledge on comparative themes such as identities cultural encounters power and citizenship and economic development to reflect the complexity and heterogeneous nature of the European experience Rather than another grand narrative the international author teams offer a multifaceted and rich perspective on the history of the continent of the past 500 years Each major theme is dissected through three chronological sub chapters revealing how major social political and historical trends manifested themselves in different European settings during the early modern 1500 1800 modern 1800 1900 and contemporary period 1900 2000 This resource is of utmost relevance to today s history students in the light of ongoing internationalisation strategies for higher education curricula as it delivers one of the first multi perspective and truly European analyses of the continent s past Beyond the provision of historical content this textbook equips students with the intellectual tools to interrogate prevailing accounts of European history and enables them to seek out additional perspectives in a bid to further enrich the discipline **Teaching**

20th-century European History Robert Stradling, 2001-01-01 Produced for the Council of Europe project Learning and teaching about the history of Europe in the 20th century this book concentrates on the how rather than the what of teaching Besides a study of selected themes and topics it covers the teaching of sensitive issues the reading of visual archives analysing history on television and the Internet and assessing new technologies Some of these new sources have not been made part of standard teacher training yet they have a powerful role in the way young people perceive the past The author is a Senior Research Fellow at Leirsinn Research Centre University of Highlands and Islands Millennium Institute

[Colonisation and Conflict 1750-1990](#) Martin Collier, Bill Marriott, 2002 The only KS3 History series for high ability students *Routledge Handbook of International Organization* Bob Reinalda, 2013-06-07 This Handbook brings together

scholars whose essays discuss significant issues with regard to international organization as a process and international organizations as institutions Although the focus is on intergovernmental organizations IGOs non governmental organizations NGOs are discussed where relevant The handbook is divided into six parts Documentation Data Sets and Sources International Secretariats as Bureaucracies Actors within International Bureaucracies Processes within International Bureaucracies Challenges to International Organizations and Expanding International Architectures The state of the art articles are meant to encourage current and future generations of scholars to enjoy working in and further exploiting the field and are also of great interest to practitioners of international organization and global governance

Handbook of Genocide Studies David J. Simon, Leora Kahn, 2023-02-14 Providing an intellectual biography of the challenging concept of genocide this topical Handbook takes an interdisciplinary approach to shed new light on the events processes and legacies in the field

A Cultural History of Democracy in the Age of Enlightenment Michael Mosher, Anna Plassart, 2022-12-15 This volume surveys the burst of political imagination that created multiple Enlightenment cultures in an era widely understood as an age of democratic revolutions Enlightenment as precursor to liberal democratic modernity was once secular catechism for generations of readers Yet democracy did not elicit much enthusiasm among contemporaries while democracy as a political system remained virtually nonexistent through much of the period If seventeenth and eighteenth century ideas did underwrite the democracies of succeeding centuries they were often inheritances from monarchical governments that had encouraged plural structures of power competition But in revolutions across France Britain and North America the republican integration of constitutional principle and popular will established rational hope for public happiness Nevertheless the tragic clashes of principle and will in fraught revolutionary projects were also democratic legacies Each chapter focuses on a distinct theme sovereignty liberty and the rule of law the common good economic and social democracy religion and the principles of political obligation citizenship and gender ethnicity race and nationalism democratic crises revolutions and civil resistance international relations and the transformations of sovereignty a synoptic survey of the cultural entanglements of enlightenment and democracy

The Key to Power? Dries Raeymaekers, Sebastiaan Derks, 2016-07-11 Proximity to the monarch was a vital asset in the struggle for power and influence in medieval and early modern courts The concept of access to the ruler has therefore grown into a dominant theme in scholarship on pre modern dynasties Still many questions remain concerning the mechanisms of access and their impact on politics Bringing together new research on European and Asian cases the ten chapters in this volume focus on the ways in which access was articulated regulated negotiated and performed By taking into account the full complexity of hierarchies ceremonial rites spaces and artefacts that characterized the dynastic court *The Key to Power* forces us to rethink power relations in the late medieval and early modern world Contributors are Christina Antenhofer Ronald G Asch Florence
