A beautifully designed and illustrated supplement to individual literary works assigned, it also provides an apparatus that makes it a complete resource for working with children's literature during and after the course. The second edition includes a new chapter on children's literature and popular culture, including film, television, and merchandising, and has been updated throughout to reflect recent scholarship and new offerings in children's media.

The Cambridge Companion to Children's Literature M. O. Grenby, Andrea Immel, 2009-12-10 A wide-ranging introduction to an exciting and rapidly expanding field.

Chivalric Stories as Children's Literature Velma Bourgeois Richmond, 2014-10-01 Knights and ladies, giants and dragons, tournaments, battles, quests, and crusades are commonplace in stories for children. This book examines how late Victorians and Edwardians retold medieval narratives of chivalry, epics, romances, sagas, legends, and ballads. Stories of Beowulf, Arthur, Gawain, St. George, Roland, Robin Hood, and many more thrilled and instructed children and encouraged adult reading. Lavish volumes and schoolbooks of the era featured illustrated texts, many by major artists. Children's books, an essential part of Edwardian publishing, were disseminated throughout the English-speaking world. Many are being reprinted today. This book examines related contexts of Medievalism expressed in painting, architecture, music, and public celebrations, and the works of major authors including Sir Walter Scott, Tennyson, Longfellow, and William Morris. The book explores national identity expressed through literature, ideals of honor and valor in the years before World War I, and how childhood reading influenced 20th-century writers as diverse as C. S. Lewis, J. R. R. Tolkien, Siegfried Sassoon, David Jones, Graham Greene, Ian Fleming, and John Le Carré.

Fractures and Disruptions in Children's Literature Maria Teresa Cortez, Sandie Mourão, Ana Margarida Ramos, 2017-11-06 In March 2015 the eleventh edition of The Child and the Book Conference was organized at the University of Aveiro in Portugal. The conference was related to the theme of fracture and disruption in children's and young adult literature. This publication provides not only a synthesis of the main reflections but also a starting point for understanding the issues of fracture and disruption within children's and young adult literature. The volume gathers texts from consolidated figures within the field of research in Children's Literature, as well as contributions from junior researchers, creating bridges and dialogue between both generations and critical and theoretical approaches. It includes chapters on violence, war, sexuality, and politics; discussion around formal, stylistic perspectives; analysis of fringe works and hybrid literary forms; as well as the issue of audience and the crossover universe. Special reference should be given to the inclusion of contributions from lesser-known countries and literatures such as Brazil, Italy, Norway, Poland, and Portugal. The volume will be of interest to children's literature specialists, graduate and post-graduate students, librarians, and mediators of reading.
