Sight Words: Pre-Primer Mike Preble, 2016-04-24. Keep on sighting words. Use bits and parts of this book as needed. Pick and choose as best fits the situation. Maybe oh gee allow the student to select the next page. Students really respond positively to being actively involved in their own decision making processes. Learning words should be creative fun. Use the blank pages at the end of this book to make up your own word lists. Remember that words and writing and drawing and creativity and imagination all hold hands and are equally important in the learning process. Encourage exploration. It's the thinking process that is most important to for the learner. Telling a student how to do something the right and wrong ways helps a student learn the rules. Allowing the student to think through his/her own methods processing allows for greater learning and understanding. Mistakes will be made. Mistakes must be made in order for learning to take place. Please allow for mistakes. If you want to correct something please correct your own notion of continually trying to fix things. Perhaps every 10th or 20th page needs scrutiny. Not every page and certainly not every word or worse every letter. **I Like... You Like...** Charlene Hurst Ed D, 2021-04-28. Give your child an edge. The 27 kindergarten core sight words in this book provide a strong foundation for building confidence in reading ability a must as your child begins their journey of becoming a reader. Repetition aids in learning. Young children also like stories no matter how simple. This sight word primer in simple story format is easy enough that it can be read independently by your child following your initial assistance. The book also includes pictographs to help them learn words outside of the core sight word list. Example box ball. For ages 4-6 Kindergarten Sight Word Primer. A list of 27 must know sight words for kindergartners. Complete list of sight words included at end of book.
