## **When Harlem Was In Vogue:**

When Harlem was in Vogue David Levering Lewis,1989 A social history of the Harlem Renaissance following World War I describing many African American artists of the time *Analysis and Assessment, 1980-1994* Cary D. Wintz,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company Alain Locke Christopher Buck,2005 *W. E. B. Du Bois, 1919-1963* David Levering Lewis,2001-09 Lewis charts the second half of Du Bois s career from the end of World War I on **The Restless City** Joanne Reitano,2010-07 *The Restless City A Short History of New York from Colonial Times to the Present* is a short lively history of the world s most exciting and diverse metropolis It shows how New York s perpetual struggles for power wealth and status exemplify the vigor creativity resilience and influence of the nation s premier urban center The updated second edition includes nineteen images and brings the story right up through the mayoral election of 2009 In these pages are the stories of a broad cross section of people and events that shaped the city including mayors and moguls women and workers and policemen and poets Joanne Reitano shows how New York has invigorated the American dream by confronting the fundamental economic political and social challenges that face every city Energized by change enriched by immigrants and enlivened by provocative leaders New York City s restlessness has always been its greatest asset *Voices from the Harlem Renaissance* Nathan Irvin Huggins,1995 Nathan Irvin Huggins showcases more than 120 selections from the political writings and arts of the Harlem Renaissance Featuring works by such greats as Langston Hughes Aaron Douglas and Gwendolyn Bennett here is an extraordinary look at the remarkable outpouring of African American literature and art during the 1920s **The Color of Democracy in Women's Regional Writing** Jean Carol Griffith,2009-08-17 An exciting addition to the ongoing debate about the place of regionalism in American literary history American regionalism has become a contested subject in literary studies alongside the ubiquitous triad of race class and gender *The Color of Democracy in Women s Regional Writing* enters into the heart of an ongoing debate in the field about the significance of regional fiction at the end of the 19th century Jean Griffith presents the innovative view that regional writing provided Edith Wharton Ellen Glasgow and Willa Cather with the means to explore social transformation in a form of fiction already closely associated with women readers and writers Griffith provides new readings of texts by these authors she places them alongside the works of their contemporaries including William Faulkner and Langston Hughes to show regionalism s responses to the debate over who was capable of democratic participation and reading regionalism s changing mediations between natives and strangers as reflections of the changing face of democracy This insightful work enriches the current debate about whether regionalism critiques hierarchies or participates in nationalist and racist agendas and will be of great interest to those invested in regional writing or the works of these significant authors **The Afro-American Literary Institution** Mzenga Aggrey Lunani Wanyama,2002 From Greenwich Village to Taos Flannery Burke,2008 Expands the picture of early American modernism well beyond New York City s dominant impact on the

movement by revealing the rich and vibrant modernist art community that New York socialite Mabel Dodge Luhan created in her famous Taos New Mexico salon *The Langston Hughes Review*, 1982 **When Washington was in Vogue** Edward Christopher Williams, 2003 **Critical Essays on Zora Neale Hurston** Gloria L. Cronin, 1998 Nineteen reviews and eleven essays trace the critical reputation of Zora Neale Hurston's literary works *New Boston Review*, 1981 *Survey of American Music* Karen M. Bryan, 2004 **CLA Journal** College Language Association (U.S.), 2005 **Écriture et engagement aux États-Unis** Anne Ollivier-Mellios, Frédéric Sylvanise, 2010 A l'heure où de nombreux critiques s'accordent à penser que l'intellectuel n'existe plus, il peut paraître démodé de parler d'engagement ou d'intellectuel engagé. Aussi cet ouvrage se propose-t-il d'interroger non pas la figure de l'intellectuel engagé, mais la question de l'articulation entre critique et engagement dans l'entre-deux guerres. Cette question conduit à envisager tout autant l'engagement partisan des écrivains et des intellectuels américains que la manière dont ils ont aussi engagé leur art et leur critique, certains d'entre eux, notamment Langston Hughes ou John Dos Passos, allant jusqu'à renouveler les formes mêmes de la critique. Cet ouvrage refuse la coupure traditionnelle entre les années 1920 et 1930, coupure qui ne semble guère pertinente en histoire littéraire et intellectuelle. En effet, les années 1920 ne furent pas pour les écrivains et intellectuels uniquement les Roaring Twenties, mais également une période d'interrogations et d'engagement après les cataclysmes de la Grande Guerre et de la révolution bolchevique dont la Red Decade fut un prolongement radical. **The Oxford Companion to African American Literature** William L. Andrews, Frances Smith Foster, Trudier Harris, 1997 This is the first comprehensive one-volume reference work devoted to African American literature, contains much information on little-known writers unavailable elsewhere. The book covers all types of genre and examines unique aspects of Afro-Americanism. *Living Our Stories, Telling Our Truths* Vincent P. Franklin, 1996 From the publication of the *Narrative of the Life of Frederick Douglass* in 1845 to Brent Staples' *Parallel Time* in the 1990s, the autobiography has been the most important literary genre in the African American intellectual tradition. This book provides a comprehensive examination of African American intellectual history, presenting original interpretations of the lives and thought of 12 major black American writers and political leaders who have played a central role in this powerful literary genre. **Cultural Life** Howard Dodson, Colin A. Palmer, 2007 Michigan State University Press ProQuest Schomburg Center for Research in Black Culture and The New York Public Library are pleased to present a unique research study and teaching resource for professors and students of Black Studies: the Schomburg Studies on the Black Experience. SSBE. In the more than thirty-five years since the field of Black Studies established its presence in American higher education, the volume of research, writing, and publications on the global black experience has increased exponentially. Scholars in African American and African Diasporan studies have contributed in significant ways to the development of this new knowledge. So have scholars in mainstream disciplines in the United States and Europe, as well as scholars and intellectuals in Africa and throughout the Americas. When added to the extraordinary volume of research resources on the black experience that existed

before the coming of Black Studies the challenge of selecting appropriate materials for research for study and for teaching has become extremely difficult Schomburg Studies on the Black Experience is a resource designed to assist users in making such choices Both the electronic and the printed editions of Schomburg Studies on the Black Experience contain a critical review essay for each theme a selection of essential readings and research questions for the future Extensive bibliographies lists of primary research materials timelines and other resources are also included There is also a multimedia library and links to related websites included in the on line edition Schomburg Studies on the Black Experience offers users a way to understand the evolution of scholarship on the selected themes and to access the essential literature that supports it Schomburg Studies affirms both the quantity and the quality of the intellectual underpinnings of Black Studies As part of this collaboration Michigan State University Press offers the second volume of the book series format that works as a teaching tool with or independently of the database Women, Violence & Testimony in the Works of Zora Neale Hurston Diana Miles, 2003 Zora Neale Hurston produced some of the most provocative literature of the twentieth century This book examines the numerous scenes of violence against women in her fictional works and the development of her feminist ideals This groundbreaking book is the first full length discussion of Hurston s repetitive rendering of violently controlled women It gives significant insight into why Hurston s themes often questioned the power dynamics of heterosexual relationships It also explores the effect of death and loss on Hurston s life and reveals intertwined relationships between writing and healing
