

Reading Comprehension/Unseen Passage

Read the passage and answer each question.

The Great Siberian Railway

The original Russian name for the railway is "The Great Siberian Way", the name "Trans-Siberian" was given to this route by the West, and that has since stuck. This railway is the backbone of Russia and perhaps the only overland route going through the whole country. Therefore it is still quite important for the economy as it was supposed to be more than 100 years ago.

It takes more than six days to travel along the whole Trans-Siberian route, so it is recommended to make stopovers along the way. After crossing Siberia (soon after Irkutsk) the Trans-Siberian route divides into three different routes.

The Trans-Mongolian Route: Moscow - Ulan-Bataar - Beijing.

This is where my friends and I are heading to tomorrow from after stopover at Irkutsk and Listivyanka. We will disembark and explore Ulsan Batar in Mongolia. Here are some pics of the Original rail track before the journey was bifurcated into a choice of three routes.

1. What was the original Russian name for this railway route?

2. How many days does it take to travel the entire Trans-Siberian route?

3. What are the three different routes?

This story has been written exclusively for www.grade1to6.com by Ms Radhika Shastri who likes travelling and exploring the world.
