Experiment 5 Acid Base Neutralization And Titration

Ralph H. Petrucci

Experiment 5 Acid Base Neutralization And Titration:

Practical Physical Chemistry Dr. M. Satish Kumar, Physical Chemistry deals with the relations between the physical properties of substances and their composition The present book is intended to serve as a practical manual for undergraduate and post graduate students I have attempted to assemble the list of experiments from my experience and also have drawn upon the experience of the students who have undergone these laboratory courses and felt the inadequacy of the existing syllabus I am aware that I have not yet exhausted all the experiments that they wanted to place in this book but I had to make a selection keeping the size in consideration This manual is largely structured around the standard experiments of physical chemistry Detailed information on instrumentation kinetics experimental methods and data analysis has been covered I will be happier to take all comments and incorporate them in the further editions
