**Letter Tracing Workbook For Preschoolers And Toddlers** Activity Treasures,2021-06-25 Are you looking for a fun workbook to help you teach your child to write Then you are in the right place Take your child on an exciting journey through the entire ABC with Letter Tracing Workbook For Preschoolers And Toddlers A Fun ABC Practice Workbook To Learn The Alphabet For Preschoolers And Kindergarten Kids Lots Of Writing Practice And Letter Tracing For Ages 3 5 Writing is one of the first skills children learn in school The time of wild scribbling has come to an end and suddenly clear lines are to be formed into letters and words However this is not easy for everyone While some children start off eagerly and soon develop a certain feeling for pencil guidance others need a little more help and time to get there It is perfectly normal that some letters are easier to translate than others After all an I is much simpler than G or an M for example As your child learns with each letter whether easy or challenging he or she will gradually develop the skills needed to write even tricky letters with confidence The learning process must be lined with as many successes as possible to boost your child s motivation to learn This book therefore proceeds step by step The individual lower and upper case letters from A to Z are presented one after the other Ideally the next letter should be started when the previous one has already been memorized For this reason learning each letter is divided into three simple steps which are clearly separated from each other

Tracing Every letter is a new territory for your child The first step is to get to know the letter and practice through the correct pen guidance by simply tracing it If your child is still struggling after the first pass the process can easily be repeated with a new pen in a different color

Add Word This is followed by a word containing the letter you have just learned So your child learns to put the letter in a word Encourage your child to read the word aloud this will directly practice the corresponding sound

Independent writing Finally your child is ready to write the letters freely and without pre drawn lines Of course auxiliary lines are provided to help you place the letter at the correct height

Letter by letter your child will be guided through the alphabet in a supportive and not overburdening way always practicing to use the uppercase letters first then followed by the lowercase letters By looking at each letter three times your child is confronted with a solid reliable structure that they can follow at their own pace

A quick look at the most important facts of the book Suitable for school and pre school children from ages 3 to 5 A sensible structure that optimally accompanies the learning process Great preparation for pre school and kindergarten A fun way to learn the printed letters from Aa to Zz Designed and sensibly structured to suit children Promotes correct pen management and concentration Child friendly writing exercises on over 100 pages Lots of space for free practice Lovely designs Combine play with learning Benefit from Letter Tracing Workbook For Preschoolers
