learn critical problem solving techniques then move on to grasp the key concepts of object oriented GUI programming  
advanced GUI and Web programming using Java Liang approaches Java GUI programming using JavaFX not only because  
JavaFX is much simpler for new Java programmers to learn and use but because it has replaced Swing as the new GUI tool  
for developing cross platform rich Internet applications on desktop computers on hand held devices and on the Web  
Additionally for instructors JavaFX provides a better teaching tool for demonstrating object oriented programming
