Oneness Rasha:

Oneness Oneness (Spirit), Rasha, 2002 **The Inner Connection** Darlene Dawn, 2015-10-21 Are you searching for your Higher Power Do you embrace spiritual ideals that are difficult to attain or maintain If so this book is for you After over twenty five years in recovery Darlene Dawn understands what it takes to build a new life after addiction Dawn is neither a guru nor an expert but as someone who understands the necessity of maintaining your spiritual condition she has decided to share her story With help she rose up from the depths of active addiction to ascend to the heights of her new life in recovery Shes doing it and so can you Dawn details the mental and emotional shifts she experienced following a spontaneous out of body experience OBE when she was nine years clean and sober Her OBE provided the impetus for spiritual and metaphysical study the practical application of which is outlined in this book Inspired by A Course in Miracles Dawn developed a friendship with an intuitive who communicated with a nonphysical being of Light During these life changing sessions Dawn acted as record keeper as this thought provoking nonphysical teacher radiated a powerful loving energy and answered questions that enhanced Dawns spiritual understanding **The Inner Connection** is written as a guide to help you find your own answers it is not meant to be the source of them The authors personal experience combined with lessons from a being of Light makes **The Inner Connection** a primer for anyone who wishes to develop emotional freedom through spiritual growth Infinite Love geometric symbol Antonia Albano All rights reserved **Oneness - the Pearls** Rasha, 2015-11-24 A treasury of powerful quotations from the spiritual classic **Oneness** with breath taking images that capture their essence and bring them to life Rich with profound spiritual understandings and catalysts for change these core teachings from **Oneness the Divine Presence** many refer to as God take us to the outer reaches of our own humanness and to the depths of the Divinity within The words are loving and personal and convey a sense of sacredness that touches the heart This exquisite collection of spiritual pearls culled from the Divine wisdom of **Oneness** empowers us to take a quantum leap into our own inner depths and totally transform our lives and our world **Time for Truth** Bunick, Nick, 2010 **Revolution of the Heart** Michel Leroux, 2013-03 If you were to travel the world you would quickly come to realize that the vast majority of humanity has the same list of wants and needs food shelter water education justice and safety to name a few Joys and sorrows hopes and desperations are also similar in many ways Even though it sometimes justifies our personal paradigm to believe differently WE ARE ALL FUNDAMENTALLY THE SAME If at the core we are all the same why then is it that we collectively are having such a hard time Essentially this last question is where the inspiration for this book comes from The content of the book comes from the author s decades of research observations and experiences gained while living and working in more than nine different countries visiting over sixty countries spread on six continents A love a passion and ultimately a belief that humanity has the power to choose to create a better life for all is the driving force behind this exploration of human suffering and how to ultimately rise above it This need for a better life for all has never been as apparent as it is now Our collective

denial of the reality of suffering is being confronted We are starting to realize that there is no choice but to deal with it problems are not going away but rather they seem to be multiplying exponentially Perhaps we live in times where it has become luxurious thinking to believe that someone else will fix the environment the economy social injustices international conflicts human trafficking or poverty It is time for greatness on a mass level to be expressed This book is meant to appeal to the heart more than the mind The expression analyzing something to death couldn't be more appropriate than now All potential progress seems to be continuously stalled with the belief that there is a need to generate more data to really understand the problems Will we die as a species because of our mind's obsession for analysis or will our hearts see through the smoke of insanity put out the fires so that at some point hopefully sooner than later the mind will be able to see clearly through its confusion Ultimately the question is how will we individually and collectively deal with the problems currently facing humanity This question is essentially addressed to the vast majority of humanity as most are suffering from the excessive greed that has swept the planet There are countless ways one can contribute to the betterment of the world It always starts with people taking one small step to make a difference It starts with YOU Never underestimate the power that one person has to change the world The purpose of the book is threefold to bring about an awareness of the current situation on the planet so that people can start to question their current paradigm and see how they feed into the problems rather than help solve them to encourage a new level of personal responsibility that is necessary in any time of change or crisis and provide information and tools to help in the transformational process by empowering people The book is divided into three parts Part 1 It's All About Me Isn't It The Individual Part 2 What About the Others The Collective Part 3 Together The Individual and the Collective Each part has a different number of chapters The general book outline follows Foreword This part introduces why the book was written The foreword sets the stage for what is to come in the book and encourages the reader to read right through as some chapters are more challenging than others and that the solutions proposed are spread throughout the book Part 1 It's All About Me I Two Strangers - One Soul Bob Norton, 2011-12-09 The book recounts the awakening and journey of the Narrator who seeks to make sense of the questions and enigmas which perplex us and cause more and more anxieties The Narrator comes across a chance acquaintance Compelled by what he hears he embarks on discussions which make up the fears hopes and aspirations of us all These conversations are interspersed with dream sequences with another Stranger The dreams often reinforce a conversation with an alternative perspective Each conversation chapter focuses on a value which is central to human living some of which we all get wrong most of the time These values are crucial to rebuilding human life post 2012 There is a mounting sense of new discovery as one Stranger Jonathan peels back the inner layers of the Narrator's hidden self to reveal the greatest adventure of all In the future we shall live according to renewed values not based on greed power and destruction but based on love understanding and co-existence The diverse aspects of these three values form the storyline and subject matter of this book *Awakening of a*
