Directions: After (or while) you read the chapter, respond to the following questions. Each question is designed to make you think more deeply about this section of reading, promoting deeper understanding of the material.

_____ 1. After describing Finch's Landing as self-sufficient, the narrator notes how Simon Finch "would have regarded with impotent fury the disturbance between the North and the South" because it stripped everything from the family except for the land. Based on this context, choose the best interpretation of the phrase "Simon would have regarded with impotent fury the disturbance between the North and the South."

- B. Simon pretended to be angry about the Civil War; in reality, he was more concerned about maintaining his empire.
- C. Simon felt angry about the Civil War, but since there was nothing he could do to influence its outcome, his outrage was powerless.

_____ 2. The narrator states: "The tradition of living on the land remained unbroken until well into the twentieth century, when my father, Atticus Finch, went to Montgomery to read law." The significance of this detail is:

- A. That Atticus was the first of the Finch men to establish a career away from the farm.
- B. That Atticus became the first member of the Finch family to become literate.
- C. That Atticus felt his heritage was not as important as the rest of his family members, particularly his sister, Alexandra.
