Training Guide Mental Health Awareness:

The Good GP Training Guide Matt Burkes, Alec Logan, 2014-06-02 The Good GP Training Guide is a travel guide style book for trainees in general practice Written by over a hundred contributors assembled from five continents it includes contributions from leading writers in primary care It is written in an accessible style with down to earth tips and anecdotes sometimes irreverent from real life There is an emphasis on the reality of general practice It also contains humorous or touching vignettes with accompanying linocut artwork from the Red Roses exhibition The book s first section covers hospital placements It is intended to show trainees how to get the most out of their training posts Beginning with basic information on behaviour required in the hospital setting there are chapters looking at cardiology ophthalmology rheumatology etc These chapters are split up into handy lists covering the basics tips on patients and PDP pointers The second section covers GP rotations It gives information on passing the various RCGP exams as well as realistic advice on other facets of general practice The third section looks at finding a job and making the transition to an independent practitioner Options for broadening a doctor s career are looked here with chapters on event medicine academia teaching etc There is information on how stay out of trouble and how to use social media safely and without running foul of the GMC The book offers the ultimate guide to the training process It covers the entire training experience and the practicalities of what comes after

The Multimodal Brief Systemic Training Programme (MBSTP) for Primary Care Carles Barcons Comellas, George W. Saba, Mauro Mariotti, Cory Johnson, 2025-02-27 This textbook presents an innovative educational and training protocol for treating mental health patients in primary care the Multimodal Brief Systemic Training MBSTP Blending theory with practice this manual offers a rigorous versatile and integrative approach grounded in research that can be easily adopted by primary care professionals including general practitioners nurses social workers and psychologists It is not only invaluable for psychotherapy students but also serves as a vital resource for physicians and other non mental health professionals seeking to support individuals facing cancer chronic pain palliative care and other conditions that intertwine emotional mental and behavioural challenges within their close relational systems The MBSTP is a compelling alternative to existing evidence based training programs which often centre on Cognitive Behavioural Therapy Designed as a continuing education course led by a team of mental health specialists this training provides a structured pathway for professional development This book will help to reignite practitioners interest in systemic thinking encouraging them to revisit its significance in their work or for those new to the concept to embrace it as a crucial aspect of their professional growth and contribute meaningfully to their evolution in the field
