

A brief analysis of the novel *No Longer at Ease*

Things Fall Apart was Achebe's first work, which was set in the early decades of the twentieth century. In his second novel, *No Longer at Ease*, the action shifts to the middle of the 1950s, just before Nigeria gained her independence. The protagonist, Obi Okonkwo, is the grandson of the tragic victim who lashes out against the insolence of the British in his first novel. Obi Okonkwo is somewhat similar to his grandfather in that he is unable to deal with the pressures of his society, but he has very different loyalties than his grandfather did. After everything has already begun to fall apart, the narrative begins with Nigeria in a transitional state between societies.

Obi is no longer a part of the previous social order. His grandfather, the disobedient son of Okonkwo, ran away to join the Christian religion and received his education in mission schools. His father was named after him. Obi had a similar educational experience and was chosen by his community to further his education in England. Obi is plagued throughout the book by the financial and personal obligation that this situation produces for him. This is because, after he receives his education in the West, he no longer shares the old traditions and the old sense of loyalty. He envisions himself as a self-sufficient young guy who lives in the city and has a Western conception of how government and administration should work. Soon after his return from England, he is offered a position in the civil service, and he immediately begins to fantasise about streamlining the red tape. Because of this, the plot of the story focuses on the challenges that an average person faces in severing clean links with the past while simultaneously adjusting to the glimmer and temptations of the present and future. The story is not truly a psychiatric investigation.

The essays in this book provide global perspectives of Achebe as an artist with a proper sense of history and an imaginative writer with an inviolable sense of cultural mission and political commitment. Omenka is the first of a two-volume celebration of this modern African literary tradition which owes much of its origin to Achebe's landmark classic novel *Things Fall Apart*, the most widely read African novel.
