**Ceserani and Kinton's the Theory of Catering** David Foskett, Victor Ceserani, 2007 Ceserani and Kinton's *The Theory of Catering* is a core text for every hospitality and catering student delivering a comprehensive overview of the industry as a whole and presenting the theory necessary for competent professional practice. The content follows the food chain through its natural path from commodity and its science through delivery from the supplier storage preparation and production to final service to the waiting customer. First published in 1964 this latest 11th edition has been comprehensively revised to reflect changes in the industry including the new hygiene standards introduced in January 2006 and up to date information on the new licensing laws. The content continues to be divided into six parts covering in turn the hospitality industry as a whole including current influences and trends food commodities nutrition and science planning production and service organisation and business development and legislation. The companion CD ROM a new feature for this edition includes a Knowledge Quiz facility that enables students to test their knowledge of catering theory as they work through the book and their course and prepare for examinations and assessment while the Resource Centre makes available all the photos and digital artwork tables and charts from the book that students can drop into essays reports and presentations helping them to complete their
