exceeds one quarter of the population and is the most diverse generation in U S history Millennials grew up experiencing September 11 the global proliferation of the Internet and of smart phones and the worst economic recession since the Great Depression of the 1930s Their young adulthood has been marked by rates of unemployment and underemployment surpassing those of their parents and grandparents making them the first generation in the modern era to have higher rates of poverty than their predecessors at the same age The Politics of Millennials explores the factors that shape the Millennial generation s unique political identity how this identity conditions political choices and how this cohort s diversity informs political attitudes and beliefs Few scholars have empirically identified and studied the political attitudes and policy preferences of Millennials despite the size and influence of this generation This book explores politics from a generational perspective first and then combines this with other group identities that include race and ethnicity to bring a new perspective to how we examine identity politics

*When Millennials Rule* David Cahn,Jack Cahn,2016-08-02 When Millennials Rule offers an optimistic story about how the generation that grew up through 9 11 and the Great Recession will rise above these setbacks to unify around common sense solutions and take back America s future China has swallowed our jobs Social security is going bankrupt Radical Islamic terrorists threaten our safety Our planet is on the brink of environmental disaster Meanwhile politicians pound their chests in ideological wars that enrich lobbyists and special interest groups at the expense of the American voter If America today is at a crossroads it is the millennial generation long ridiculed as selfish egotists and narcissistic Twitter drones that will face the momentous task of restoring the promise of a better future But where are millennials leading America How will this

generation shape our nation's future. These are questions everyone is asking in newspapers, in books, on television, and on Twitter. And they're baffled. *The Nation* called it Millennial Madness, and *The Atlantic* complained that millennial political views don't make any sense. Five years ago, David and Jack Cahn, identical twins, competitive debaters, and *New York Magazine*'s *Twin Titans*, set out to answer these questions and uncover their generation's political identity. Traveling across the country from Kentucky to Illinois to California, they talked with more than 10,000 young Americans about everything from campaign finance reform to nuclear proliferation, Beyoncé and Taylor Swift. *When Millennials Rule* is the story of their journey. They start in New Haven, Conn., just months after the Newtown shooting, and end in Philadelphia, where the 2016 Democratic National Convention is set to launch one of the most contentious elections in modern history. Combining thorough reporting with the compelling stories of their peers, the brothers craft an authentic first-person portrait of what millennials stand for and why.
