
GLO-BUS Simulation Quiz 2 Questions And Answers 2021/2022

Which of the following managerial actions offers the best prospects of being competitively successful and thereby helping to meet or beat investor expected EPS targets Correct Answers: Achieve a sizable cost-based competitive advantage over rivals by operating very cost efficiently; use the cost advantage to underprice most rivals while at the same time being competitive on P/Q ratings, models, and marketing efforts in all four regions -- the resulting camera/drone sales volumes and revenues should enhance the company's chances of meeting or beating the investor-expected EPS targets

Which one of the following is not a way to improve the P/Q rating of a company's brand of action capture cameras Correct Answers: Spending additional money to improve the camera mounting device

Which one of the following is not an advantage or disadvantage of shifting to robotics assisted camera assembly methods Correct Answers: Installing robots that each camera workstation enables the size of the PAT's to remain constant thus lowering costs

Given the following data from a recent comparative competitive efforts page in the CIR: Based on the above data which of the following statements is false Correct Answers: Your company's competitive disadvantage in the AC cameras segment had equally sized negative impacts in causing your company's market share to be 3.1 percentage points below the regional average (subject to the data presented)

Which of the following is an action company co-managers should seriously consider in trying to improve the companies credit rating? The financial measure used in determining company credit ratings are discussing the help document associated with page 5 of the camera and drone journal Correct Answers: Ensuring additional shares of stock and using the proceeds to pay down 5 year and 10 year loans

Given the following data from a comparative competitive efforts page in the CIR: Based on the above data which for your company, which of the following statements is false? Correct Answers: Your company had a moderately sized price based competitive advantage of 13.0%

If in Year 9 a company reports operating profit of \$55 million earns net income of \$38 million has 19 million shares of common stock outstanding pays a dividend of \$.50 per share and has an annual interest cost of \$13 million then Correct Answers: The company's EPS for Year 9 will be \$2.00 and it's retain earnings for Year 10 would be \$28.5 million (net income of \$38 million less the dividend payment of \$9.5 million); the 28.5 million increase in retained earnings would boost year-end shareholders' equity by \$28.5 million

A companies manager should almost always give serious consideration to making significant adjustments in its camera/drone strategy and competitive approaches when Correct Answers: So many other rival companies are pursuing a similar strategy that intensive competition in makes it quite difficult to earn profit margins big enough for every company competing with that strategies to meet the investor-expecting targets for EPS, ROE, stock price, and image rating
