

SEMI-STRUCTURED INTERVIEW QUESTIONS

1. Can you tell me about your interests?

Thank you for such a pleasing question. So, ma'am, I have so many interests. First, I'm interested in learning new languages; it's hard, but it excites me. At the same time, I'm also interested in vlogging. I love to watch different vlogs, specifically when they are about traveling and exploring the world and learning new things, and that is what makes me want to do it myself. I am also interested in traveling. One of my ambitions is to travel the world and experience extraordinary things. Reading is also one of my interests. Through reading, I was able to learn and discover new knowledge not just about love, family, friends, the economy, and businesses, but about all other things that exist. I'm also fascinated by the idea of handling my own business, specifically building my own coffee shop, as well as negotiating with other people. In addition, I aspire to be one of the most successful human resource managers. Last but not least, I am also interested in public speaking. I love to be heard by others so they can execute more things that should be known and to become one of the instruments for others to be heard.

2. How did you discover about this position?

I discovered this position when I was browsing the Internet. I was looking for the keyword "human resource manager" and found your company right away. Although the job page was very crowded, your job posting immediately caught my attention. The way the job description was written immediately gave me a clear impression of what it's like to work here. I would like to be a member of a group that is nice, good, and close-knit. As someone who enjoys teamwork, I am a huge proponent of collaboration. Those are the first two things that came to mind when I read your posting. I could also tell that my education and experience, particularly my history of managing and dealing with people, clearly matched the requirements of this position.

3. Tell me about the challenges you have faced in your previous work and how you faced it.

In my prior position, I was given the task of taking care of the records. I was assigned to record and edit the records in the Treasurer's Office regarding the taxes. One of the challenges I've faced in my previous work is that when I wasn't able to find the record of a specific person due to unorganized filing, I dealt with it in a way that I started organizing it properly with all my might and then labeled it accordingly.

4. Tell me your strengths and weaknesses.

One of my biggest qualities, in my opinion, is my capacity for leadership. My time working in a treasurer's office has helped me develop strong communication skills. My biggest asset is my ability to work with people. I can easily relate to almost anyone, and I frequently have the appropriate empathy for other people. On the other hand, I frequently have trouble delegating and opt to take on more work to make sure a task is
