Archetypes of Crowdfunding Platforms Florian Danmayr, 2013-12-04 Currently a new potential paragon of fundraising and financing in particular crowd funding CF attracts a lot of attention Basically CF is an open call for capital mainly via the internet where the desired campaign can be evaluated and financially supported by a large group of individuals the crowd The matchmaking process between campaign creators and potential investors is mainly established by a standardized CF platform CFP Scientific discourse on CF is still nascent since existing studies and papers focus on the potential of CF and its basic principles Florian Danmayr addresses crowd funding platforms as object of his analysis and contributes to the body of literature by enhancing knowledge on the composition of the CFP market

Computational Methods to Examine Team Communication Sara McComb, Deanna Kennedy, 2020-02-07 The primary focus of this book is an examination of longitudinal team communication and its impact on team performance This theoretically grounded holistic examination of team communication includes cross condition comparisons of team i.e. distributed in person unrestricted time pressured two performance episodes and employs multiple quantitative methodological approaches to examine the phenomena of interest This book simultaneously provides practical content for researchers and practitioners in the social sciences and humanities Included are step by step instructions for the methodologies employed and distillations of findings via Managerial Minutes that highlight best practices and/or examples to help enhance team communication in practice

Qualitative Data Carl Auerbach, Louise B. Silverstein, 2003-09 A necessary guide through the qualitative research process Qualitative Data is meant for the novice researcher who needs guidance on what specifically to do when faced with a sea of information It takes readers through the qualitative research process beginning with an examination of the basic philosophy of qualitative research and ending with planning and carrying out a qualitative research study It provides an explicit step by step procedure that will take the researcher from the raw text of interview data through data analysis and theory construction to the creation of a publishable work The volume provides actual examples based on the authors own work including two published pieces in the appendix so that readers can follow

examples for each step of the process from the project's inception to its finished product. The volume also includes an appendix explaining how to implement these data analysis procedures using NVIVO, a qualitative data analysis program.

Burns and Grove's The Practice of Nursing Research - E-Book Jennifer R. Gray, Susan K. Grove, 2020-07-21. Winner of the 1st place American Journal of Nursing Book of the Year award in nursing research evidence based practice for 2021. Selected for Doody's Core Titles 2024 with Essential Purchase designation in Research. Burns coverage of the research process application for evidence based health care how to analyze data determine outcomes and disseminate research and how to propose and seek funding for research. Strong emphasis on evidence based practice addresses this key graduate level QSEN competency and reinforces how to generate research evidence and appraise and synthesize existing research for application to clinical practice. Rich examples from nursing literature bring research principles to life. Emphasis on the most currently used research methodologies focuses on the methods used in both quantitative research and qualitative research as well as outcomes research and mixed methods research. Coverage of digital data collection examines the use of online research tools. Quick reference summaries include a table of research methods inside the front cover and a list of types of research syntheses with definitions inside the back cover. Helpful user resources are included with each new text purchase on the companion Evolve website and feature 400 interactive review questions along with a library of 10 full text research articles.

Re-presenting Research Florentine Marnel Sterk, Merel M. van Goch, 2023-06-15. This open access book focuses on the textual features or strategies which form popularization discourse. In popularization discourse research findings from academia are re-presented to make them noteworthy to society and influential for everyday life. Popularization involves recontextualization or reimagining of findings in an everyday and newsworthy context and reformulation the use of audience appropriate language to increase text comprehension and engagement. Re-presenting research presents an empirically grounded analytic framework for the analysis of popularization texts. Its applicability spans across disciplinary, multidisciplinary and interdisciplinary fields and overarches science communication, science journalism and research communication. The book offers theoretical background information on popularization discourse, empirical underpinning of the construction of the framework and practical applicability in examples from multiple text types and academic fields. This book acts as a guide for those working with or on popularization discourse whether it is to analyze it or learn about it.

Qualitative Inquiry in Doctoral Research: Pathways to Effective Design and Implementation Tariq, Muhammad Usman, 2025-04-25. Qualitative research is critical in doctoral studies offering detailed insights into complex data that quantitative methods often cannot capture. Designing and implementing qualitative research equips doctoral students with the essential tools to navigate the nuances of data collection, analysis and interpretation. By exploring various qualitative methodologies like interviews, ethnography and case studies, research can be both methodologically accurate and meaningful. Fostering critical thinking, reflection and understanding of the ethical considerations that shape effective qualitative inquiry.

requires further exploration in academic settings Qualitative Inquiry in Doctoral Research Pathways to Effective Design and Implementation explores qualitative research methodologies tailored for doctoral students across various academic disciplines It explores each stage of the qualitative research process from the initial selection of appropriate methodologies to the presentation of research findings and delves into traditional and innovative qualitative methods This book covers topics such as ethnography research design and data science and is a useful resource for academicians researchers and scientists
