Integrated Organisational Communication Rachel Barker, George Charles Angelopulo, 2005-08 This works adopts a multidisciplinary approach to corporate communication including management communication public relations organizational behavior and change marketing communication and advertising The many faceted approach adopts the perspective of a practicing communications professional emphasizes corporate branding and focuses on an integrated approach to communication

The Handbook of Social Work Research Methods Bruce Thyer, 2010 This updated Handbook addresses the changes in the field of social work as qualitative research gains more prominence as well as mixed methods and various issues regarding race ethnicity and gender Edited by a leading scholar in the field this text covers meta analysis designs to evaluate treatment and key Internet resources

Research Methodologies in Translation Studies Gabriela

Saldanha, Sharon O'Brien, 2014-04-08 As an interdisciplinary area of research translation studies attracts students and scholars with a wide range of backgrounds who then need to face the challenge of accounting for a complex object of enquiry that does not adapt itself well to traditional methods in other fields of investigation This book addresses the needs of such scholars whether they are students doing research at postgraduate level or more experienced researchers who want to familiarize themselves with methods outside their current field of expertise The book promotes a discerning and critical approach to scholarly investigation by providing the reader not only with the know how but also with insights into how new questions can be fruitfully explored through the coherent integration of different methods of research Understanding core principles of reliability validity and ethics is essential for any researcher no matter what methodology they adopt and a whole chapter is therefore devoted to these issues Research Methodologies in Translation Studies is divided into four different chapters according to whether the research focuses on the translation product the process of translation the participants involved or the context in which translation takes place An introductory chapter discusses issues of reliability credibility validity and ethics The impact of our research depends not only on its quality but also on successful dissemination and the final chapter therefore deals with what is also generally the final stage of the research process producing a research report

Researching Communications David Deacon, Michael Pickering, Peter Golding, Graham Murdock, 2021-05-20 The new edition of the highly respected Researching Communications is a comprehensive and authoritative guide to researching media and communication Researching Communications Third Edition is an invaluable guide to performing and analysing research tasks introducing the major research methods giving detailed examples of research analysis and practical step by step guidance in clear language Written by highly regarded experts in the field the third edition includes new sections on social media analysis digital research methods and comparative research as well as updated case studies international examples and details of recent developments in media and communication studies Undergraduate and postgraduate media and communication students will find Researching Communications an invaluable resource at all stages of their course

The SAGE Encyclopedia of Communication Research Methods Mike Allen, 2017-04-11 Communication research is evolving and changing in a world of online journals open access and new ways of obtaining data and conducting experiments via the Internet Although there are generic encyclopedias describing basic social science research methodologies in general until now there has been no comprehensive A to Z reference work exploring methods specific to communication and media studies Our entries authored by key figures in the field focus on special considerations when applied specifically to communication research accompanied by engaging examples from the literature of communication journalism and media studies Entries cover every step of the research process from the creative development of research topics and questions to literature reviews selection of best methods whether quantitative qualitative or mixed for analyzing research results and publishing research findings whether in traditional media or via new media outlets In addition to expected entries covering

the basics of theories and methods traditionally used in communication research other entries discuss important trends influencing the future of that research including contemporary practical issues students will face in communication professions the influences of globalization on research use of new recording technologies in fieldwork and the challenges and opportunities related to studying online multi media environments Email texting cellphone video and blogging are shown not only as topics of research but also as means of collecting and analyzing data Still other entries delve into considerations of accountability copyright confidentiality data ownership and security privacy and other aspects of conducting an ethical research program Features 652 signed entries are contained in an authoritative work spanning four volumes available in choice of electronic or print formats Although organized A to Z front matter includes a Reader s Guide grouping entries thematically to help students interested in a specific aspect of communication research to more easily locate directly related entries Back matter includes a Chronology of the development of the field of communication research a Resource Guide to classic books journals and associations a Glossary introducing the terminology of the field and a detailed Index Entries conclude with References Further Readings and Cross References to related entries to guide students further in their research journeys The Index Reader s Guide themes and Cross References combine to provide robust search and browse in the e version
