The Great Conversation Belden C. Lane,2019-05-01 We are surrounded by a world that talks but we don t listen We are part of a community engaged in a vast conversation but we deny our role in it In the face of climate change species loss and vast environmental destruction the ability to stand in the flow of the great conversation of all creatures and the earth can feel utterly lost to the human race But Belden C Lane suggests that it can and must be recovered not only for the sake of endangered species and the well being of at risk communities but for the survival of the world itself The Great Conversation is Lane s multi faceted treatise on a spiritually centered environmentalism At the core is a belief in the power of the natural world to act as teacher In a series of personal anecdotes Lane pairs his own experiences in the wild with the writings of saints and sages from a wide range of religious traditions A night in a Missourian cave brings to mind the Spiritual Exercises of Ignatius of Loyola the canyons of southern Utah elicit a response from the Chinese philosopher Laozi 500 000 migrating sandhill cranes rest in Nebraska and evoke the Sufi poet Farid ud Din Attar With each chapter the humility of spiritual masters through the ages melds with the author s encounters with natural teachers to offer guidance for entering once more into a conversation with the world

Forty Books Peter Michael Cox,2015-04-30 It all started out in pre adolescence in the mid 1960s Stuck in the house during those lazy hazy summer days I read Illustrated Classics comic books inside the backyard screened porch While slurping on a Popsicle those wondrous images and suspenseful narratives whisked me away to worlds of adventure The Three Musketeers terror Dr Jekyll and Mr Hyde and glory Camelot And walking back from the general store to our seaside cottage in Green Harbor I used to read the latest baseball news from Sports Illustrated Reading was my way of combating boredom and loneliness

On the Way to Here Phil Small,2017-10-23 This book covers a great deal of ground spiritually philosophically and emotionally The subject matter is often weighty yet it doesn t feel like that at all no small feat when discussing the origins and cycles of life birth and death and everything in between Moving from the particular to the universal to that place where we are all one the author uses moments from his life experience to help us better understand and appreciate our own journey Often in an understated

manner he points out that just below the surface of the ordinary lies this other world where the truly meaningful and abiding realities of our lives frequently go unnoticed He gently turns over the stones on our paths looking for the meaning hidden underneath often finding real gems You will meet yourself more than once in these pages
