unpacks the mindset and methods used by top leaders and teams to assess, adapt and respond to unforeseen challenges and ambiguity. With this book, you will learn how to seize the unexpected as an opportunity to develop your leadership capabilities and build a more adaptive team. From visual models to guided frameworks, *Toolkit for Turbulence* shares easy-to-implement core tools that you can use to construct your own leadership solutions that suit the unique needs of your team, your enterprise and your community. Authors Graham Winter and Martin Bean CBE share timely advice and practical strategies together with compelling real-world stories from prominent executive leaders across a variety of industries. In *Toolkit for Turbulence*, you will discover how top leaders succeed even in times of crisis. Backed by performance psychology, the tools in this book will show you how to build the flexibility and resilience your team needs to thrive in a volatile, unpredictable world. In *Toolkit for Turbulence*, you will learn how to be an advantage leader, a leader who welcomes disruption, grasps opportunities to adapt and builds teams and cultures capable of turning adversity into advantage. Use learning loops and training canvases to guide your team in responding effectively and continuously to challenges. Recognise and embrace nonlinear challenges which require leaders and teams to adopt new ways of thinking and working. Be responsive and proactive rather than reactive and defensive, and recalibrate when things don't go as expected. Develop a resilient, adaptive leadership mindset, training your mind and transforming the way you think and behave. With *Toolkit for Turbulence*, executives and leaders at all levels can build their strategies for weathering today's only certainty: uncertainty. Its crucial insights into how to pivot dynamically and successfully will prepare you to navigate the unexpected with your organisation and your team every day in real life and real time.

Handbook of Positive Psychology in Schools Kelly-Ann Allen, Michael J. Furlong, Dianne Vella-Brodrick, Shannon Suldo, 2022-02-23. The *Handbook of Positive Psychology in Schools* offers the most current and comprehensive insights into how positive psychology principles provide a framework for young people to become active agents in their own learning. The third edition of this groundbreaking volume assembles the latest global research identifying fundamental assets: hope, optimism, gratitude, self-efficacy, emotional regulation, among others that support students' learning and well-being. Chapters examining social-ecological perspectives on classroom quality and school climate provide best practice guidance on schoolwide policies and practices. These 35 new chapters explore positive psychology's ongoing influence and advances on prevention, intervention and assessment practices in schools.

Development of a Compassionate Leadership Program Svenja Mennerich, 2024-02-29. Master's Thesis from the year 2023 in the subject Leadership and Human Resources Management, Styles grade 1.0. Academy for Health and Sport Language English abstract. The demand for leadership development in corporate organizations is increasing. This is strongly driven by the after-effects of the COVID-19 pandemic, political unrest and technological advancements that lead to ongoing change. High stress levels among employees require innovative approaches in leadership. This study explores the potential of a compassionate leadership program to alleviate workplace stress. Compassionate leadership

characterized by a balance between care for individuals and the courage to tackle challenging tasks has shown promise in improving employee satisfaction and psychological well being However there is a deficiency of research on developing and deploying a compassionate leadership program within corporate settings This study aims to bridge this gap by presenting a two phased programmatic approach that integrates group training and individual coaching the latter to encounter the problem of training transfer the extent to which learning is applied back in the workplace The first phase involves a three hour on site training focused on the dimensions and benefits of compassionate leadership The second phase includes a sixty minute one on one virtual coaching session utilizing the GROW coaching model Participants are supported by a self reflection journal to enhance individual reflection and learning successes To optimize organizational resources and time the program s total time investment has been kept to a minimum of four hours per leader This exploratory study evaluates the extent of knowledge enhancement in compassionate leadership and individual perceived training transfer following the coaching session with twenty seven leaders through pre and post surveys The training demonstrated promising outcomes exhibiting an increase in the mean value from 3.3 pre training to 4.7 post training A positive assessment of training transfer through individual coaching sessions could only be confirmed partly Insights gained from this research can guide organizations in efficiently implementing compassionate leadership programs ultimately leading to more people centered workplaces and empowering leaders to cultivate self care and overall well being The theoretical framework program development pilot deployment and evaluation phases are discussed before limitations and recommendations are addressed further To test the effectiveness and longitude of the compassionate leadership program future research is required
